Letter from the Chair of Mad Paws Holdings Limited

Dear Mad Paws Shareholder,

On behalf of the Mad Paws Board, I am pleased to provide you with this Scheme Booklet, which outlines details you will need to consider in relation to the proposed acquisition of by Rover Group, Inc (**Rover**) of all of the shares in Mad Paws Holdings Limited ACN 636 243 180 (**Mad Paws**) held by Mad Paws Shareholders by way of a scheme of arrangement (**Scheme**).

Background to the Scheme

On 22 July 2025, Mad Paws announced that it had entered into a Scheme Implementation Deed with Rover, under which Rover will acquire 100% of the shares on issue in Mad Paws.

The acquisition is to be conducted by way of scheme of arrangement and is subject the Conditions Precedent, including Mad Paws Shareholder and Court approvals, summarised in Section 4.10(a).

This Scheme Booklet has been sent to you because you are a Mad Paws Shareholder and are being asked to vote on the Scheme.

Details of the total Scheme Consideration

If the Scheme becomes Effective and is implemented, each Scheme Shareholder will receive a total cash amount of \$0.14 per Mad Paws Share they hold on the Scheme Record Date (**Scheme Consideration**).

The Scheme Consideration of \$0.14 per Mad Paws Share values the equity of Mad Paws at approximately \$61.5 million¹ and includes approximately \$12.5 million of cash proceeds received from the divestment of the Pet Chemist business² (details of which are set out below). The Scheme Consideration represents a premium of:

- 87% to the last close price of Mad Paws Shares of \$0.075 on 21 July 2025 (being the last trading day prior to announcement of entry into the Scheme Implementation Deed);
- 125% to the 30-trading day VWAP³ of Mad Paws Shares up to and including 21 July 2025 of \$0.0622; and
- 123% to the 60-trading day VWAP of Mad Paws Shares up to and including 21 July 2025 of \$0.0629.

Independent Expert Report

The Mad Paws Board has also commissioned an independent expert, Stantons Corporate Finance Pty Ltd ACN 128 908 289 (**Independent Expert**), to prepare the Independent Expert's Report in relation to the Scheme. The Independent Expert has concluded that the Scheme is fair and

¹ Based on a maximum 439,274,986 fully diluted shares, comprising (1) 411,894,446 issued ordinary shares at the Last Practicable Date, and (2) 27,380,540 shares expected to be issued on exercise of outstanding vested in the money options prior to implementation of the Scheme (subject to the Scheme being approved by Mad Paws Shareholders at the Scheme Meeting and becoming Effective).

² The Pet Chemist Transaction completed on 29 August 2025, and is subject to certain post-completion net debt, working capital and other purchase price adjustments not yet completed at the Last Practicable Date. Refer to Mad Paws' ASX announcement dated 29 August 2025.

³ Volume weighted average price of Mad Paws' Shares traded on the ASX and Chi-X.

reasonable and in the best interest of Mad Paws Shareholders, in the absence of a Superior Proposal.

The Independent Expert has assessed the value of a Mad Paws Share, on a control basis, to be between \$0.0833 to \$0.1097, with a preferred value of \$0.0965. The Scheme Consideration of \$0.14 per Mad Paws Share exceeds both the Independent Expert's assessed valuation range and preferred value.

A copy of the Independent Expert's Report is contained in Annexure A.

E-Commerce Transactions

Rover's interest is directed towards acquiring the Mad Paws online marketplace business without Mad Paws' non-core online e-commerce division under the Pet Chemist, Sash and Waggly brands. Accordingly, implementation of the Scheme is conditional on Mad Paws ceasing its online e-commerce division by divesting the Pet Chemist brand, and closure of the Sash and Waggly brands (collectively, the **E-Commerce Transactions**)⁴ amongst other Conditions Precedent.⁵

The Mad Paws Board have determined to proceed with the E-Commerce Transactions irrespective if the Scheme completes.

As at the date of this Scheme Booklet, the E-Commerce Transactions have been largely completed. In particular, the divestment of the Pet Chemist business (and associated subsidiaries) was completed on 29 August 2025,⁶ and as at the date of this Scheme Booklet, the Sash and Waggly businesses have ceased operations, and the de-registration application for Gassett Group has been lodged with ASIC. Going forward, following completion of the E-Commerce Transactions, Mad Paws intends to operate as a pure-play marketplace operator.

Mad Paws Board Members unanimously recommend the Scheme

The Mad Paws Board Members unanimously recommend that you **vote in favour** of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Mad Paws Shareholders. Subject to those same qualifications, each Mad Paws Board Member intends to vote, or procure the voting of, all their respective Mad Paws Shares in favour of the Scheme. As at the Last Practicable Date, the Mad Paws Board Members collectively hold or control 27,516,513 Mad Paws Shares, representing approximately 6.68% of the Mad Paws Shares on issue (**Director Mad Paws Shares**).⁷

When considering this recommendation of the Mad Paws Board Members to vote in favour of the Scheme, Mad Paws Shareholders should have regard to the personal interests of the Mad Paws Board Members as set out in Section 9 of this Scheme Booklet.⁸ The Mad Paws Board considers that, notwithstanding these interests, it is appropriate for the Mad Paws Board Members to make such a recommendation, given the importance of the Scheme and their roles as directors of Mad Paws.

⁴ Refer to Section 5.3 for a summary of the E-Commerce Transactions.

⁵ In addition to other Conditions Precedent summarised in Section 4.10(a).

⁶ The Pet Chemist Transaction completed on 29 August 2025, and is subject to certain post-completion net debt, working capital and other purchase price adjustments not yet completed at the Last Practicable Date. Refer to Mad Paws' ASX announcement dated 29 August 2025.

⁷ This does not include (1) Mad Paws Shares held or controlled by former Executive Director, Howard Humphreys who resigned following completion of the Pet Chemist Transaction, (2) 13,082,826 in the money options (based on the Scheme Consideration) held by Mad Paws Board Members that are intended to be exercised by the relevant Mad Paws Board Member into 10,408,682 Mad Paws Shares prior to implementation of the Scheme, and (3) 13,450,000 out of the money options (based on the Scheme Consideration) held by Mad Paws Board Members that are not intended to be exercised by the relevant Mad Paws Board Member prior to implementation of the Scheme.

⁸ Refer to Section 9 for further details regarding Mad Paws Board Members' interests, including options held by Justus Hammer that are intended to be subject to accelerated vesting, and Special Exertion Payments that are proposed to be paid to the Mad Paws Board Members conditional on upon the Scheme becoming Effective.

In assessing the Scheme, the Mad Paws Board considered the reasons to vote in favour or to not vote in favour of the Scheme, other key considerations and undertook a detailed review of the potential alternatives available to Mad Paws. Key reasons to vote in favour of the Scheme, and reasons why you may choose to vote against the Scheme, are set out in Section 3.

Major Shareholders' intentions

As at the Last Practicable Date, two major shareholders of Mad Paws, Bombora Special Investments Growth Fund (**BSIGF**) and former Executive Director, Howard Humphreys⁹ (**Major Shareholders**) together hold and/or control the votes in relation to 94,354,547 Mad Paws Shares (such number of shares being the **Major Shareholders' Shares**) (representing 22.91% of the Mad Paws Shares on issue).

The Major Shareholders have notified the Mad Paws Board in writing that they intend to vote all Major Shareholders' Shares held by them in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert concluding in the Independent Expert's Report (and continuing to conclude) that the Scheme is in the best interest of Mad Paws Shareholders. Each Major Shareholder has confirmed that they do not intend to sell, transfer or otherwise dispose of any Major Shareholder Shares prior to the Scheme Meeting.

Scheme Meeting

The Scheme can only be implemented if approved by Mad Paws Shareholders at the Scheme Meeting which is scheduled for 10:30am (Sydney time) on Friday, 24 October 2025.¹⁰ The Scheme Meeting will be held as a hybrid meeting. Accordingly, you should read this Scheme Booklet in its entirety, including the Independent Expert's Report, before making a decision on how to vote on the Scheme Resolution.

If you are in any doubt as to what you should do, you should also consult your legal, financial, tax or other professional adviser. Answers to some common questions are contained in Section 2 titled 'Frequently asked questions'.

If you have any additional questions about the Scheme or the Scheme Booklet, please contact the Shareholder Information Line on 1300 103 392 (within Australia) or +61 2 9068 1925 (if calling from overseas) Monday to Friday between 8:30am and 7:00pm (Sydney time) (excluding public holidays).

1.2 Vote on the Scheme Resolution

For the Scheme to proceed, it is necessary that sufficient Mad Paws Shareholders vote in favour of the Scheme Resolution at the Scheme Meeting.

The Scheme Meeting to approve the Scheme is scheduled to be held as a hybrid meeting. This means that Mad Paws Shareholders and their authorised proxies, attorneys and corporate representatives will be able to attend the Scheme Meeting in person at the Mad Paws Registry, Level 5, 126 Phillip Street, Sydney NSW 2000, or participate online at https://us02web.zoom.us/webinar/register/WN_u8CJzJx7Slyrt44amgMLQQ commencing at 10:30am (Sydney time) on Friday, 24 October 2025.

Each Mad Paws Shareholder who is registered on the Mad Paws Share Register as the holder of a Mad Paws Share at 7.00pm (Sydney time) on Wednesday, 22 October 2025 may vote at the Scheme Meeting, by proxy, by attorney or, in the case of a corporation, by corporate representative (subject to restrictions on voting rights set out in the Notice of Scheme Meeting) and will have one vote for each Mad Paws Share they hold.

YOUR VOTE IS IMPORTANT

Voting is not compulsory. However, the Mad Paws Board Members unanimously recommend that Mad Paws Shareholders vote in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Mad Paws Shareholders.¹¹

The Independent Expert has concluded that the Scheme is fair and reasonable and in the best interest of Mad Paws Shareholders, in the absence of a Superior Proposal.

¹¹ When considering this recommendation of the Mad Paws Board Members to vote in favour of the Scheme, Mad Paws Shareholders should have regard to the personal interests of the Mad Paws Board Members as set out in Section 9 of this Scheme Booklet. The Mad Paws Board Members consider that, despite these interests, it is important and appropriate for them to make a recommendation to Mad Paws Shareholders about how to vote at the Scheme Meeting.

The terms of the Scheme Resolution to be considered at the Scheme Meeting are contained in the Notice of Scheme Meeting in Annexure D.

The fact that the Court has ordered the Scheme Meeting to be convened and has approved this Scheme Booklet required to accompany the Notice of Scheme Meeting does not mean that the Court has prepared, or is responsible for the content of, this Scheme Booklet, or has any view as to the merits of the Scheme or as to how Mad Paws Shareholders should vote. On these matters, Mad Paws Shareholders must reach their own decision.

In order to proceed, the Scheme Resolution must be passed by the requisite majorities of Mad Paws Shareholders present and voting at the Scheme Meeting (or by proxy, attorney or, in the case of corporate Mad Paws Shareholders, corporate representative) being:

- a majority in number (more than 50%) of Mad Paws Shareholders present and voting at the Scheme Meeting (either in person, online, or by proxy, attorney or, in the case of corporate Mad Paws Shareholders, body corporate representative); and
- at least 75% of the total number of votes cast on the Scheme Resolution at the Scheme Meeting by Mad Paws Shareholders present and voting at the Scheme Meeting (either in person, online, or by proxy, attorney, or, in the case of corporate Mad Paws Shareholders, body corporate representative).

The Court has the discretion to waive the first of these two requirements if it considers it appropriate to do so.

(f) Technical difficulties

Technical difficulties may arise during the Scheme Meeting. The Chair has discretion as to whether and how the Scheme Meeting should proceed if a technical difficulty arises.

In exercising this discretion, the Chair will have regard to the number of Mad Paws Shareholders impacted and the extent to which participation in the business of the Scheme Meeting is affected.

Where the Chair considers it appropriate, the Chair may continue to hold the Scheme Meeting and transact business, including conducting a poll and voting in accordance with valid proxy instructions.

3. Reasons for voting for and against the Scheme

The Mad Paws Board Members consider that the Scheme is in the best interest of Mad Paws Shareholders and unanimously recommend that Mad Paws Shareholders vote in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Mad Paws Shareholders.

In making this recommendation, the Mad Paws Board Members have considered the information contained in:

- Section 3.1, 'Reasons to vote in favour of the Scheme';
- Section 3.2, 'Reasons not to vote in favour of the Scheme'; and
- Section 3.3, 'Other key considerations in relation to voting on the Scheme'.

3.1 Reasons to vote in favour of the Scheme

This Section 3.1 summarises the reasons why the Mad Paws Board Members believe the Scheme is in the best interest of the Mad Paws Shareholders and have determined to unanimously recommend that Mad Paws Shareholders vote in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Mad Paws Shareholders.¹⁴

This Section 3.1 should be read in conjunction with Sections 3.2 and 3.3 and the other information contained in this Scheme Booklet, including the Independent Expert's Report.

(a) **Unanimous Mad Paws Board Recommendation**

The Mad Paws Board Members unanimously recommend that Mad Paws Shareholders vote in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert and continuing to conclude that the Scheme is in the best interest of Mad Paws Shareholders.

Each Mad Paws Board Member intends to vote the Mad Paws Shares he or she holds or controls in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Mad Paws Shareholders.

Section 9 contains further information in relation to the interests of the Mad Paws Board Members including in Mad Paws Shares, Mad Paws Equity Incentives and Special Exertion Payments. The Mad Paws Board considers that, notwithstanding these interests, it is appropriate for the Mad Paws Board Members to make such a recommendation, given the importance of the Scheme and their roles as directors of Mad Paws. Mad Paws Shareholders should also have regard to these interests when considering the recommendation of the Mad Paws Board.

(b) **The Independent Expert has concluded that the Scheme is in the best interest of Mad Paws Shareholders, in the absence of a Superior Proposal**

Mad Paws has appointed Stantons as the Independent Expert to provide an independent assessment of the Scheme, including an opinion as to whether the Scheme is in the best interest of Mad Paws Shareholders.

¹⁴ When considering this recommendation of the Mad Paws Board Members to vote in favour of the Scheme, Mad Paws Shareholders should have regard to the personal interests of the Mad Paws Board Members as set out in Section 9 of this Scheme Booklet. The Mad Paws Board considers that, notwithstanding these interests, it is appropriate for the Mad Paws Board Members to make such a recommendation, given the importance of the Scheme and their roles as directors of Mad Paws.

The Independent Expert regards the Scheme to be fair and reasonable and in the best interest of Mad Paws Shareholders. The Independent Expert has assessed the value of a Mad Paws Share, on a control basis, to be in the range of \$0.0833 to \$0.1097, with a preferred value of \$0.0965.

As the Scheme Consideration of \$0.14 per Mad Paws Share exceeds both the Independent Expert's assessed valuation range and preferred value, the Independent Expert has concluded that the Scheme is fair and reasonable and in the best interest of Mad Paws Shareholders, in the absence of a Superior Proposal.

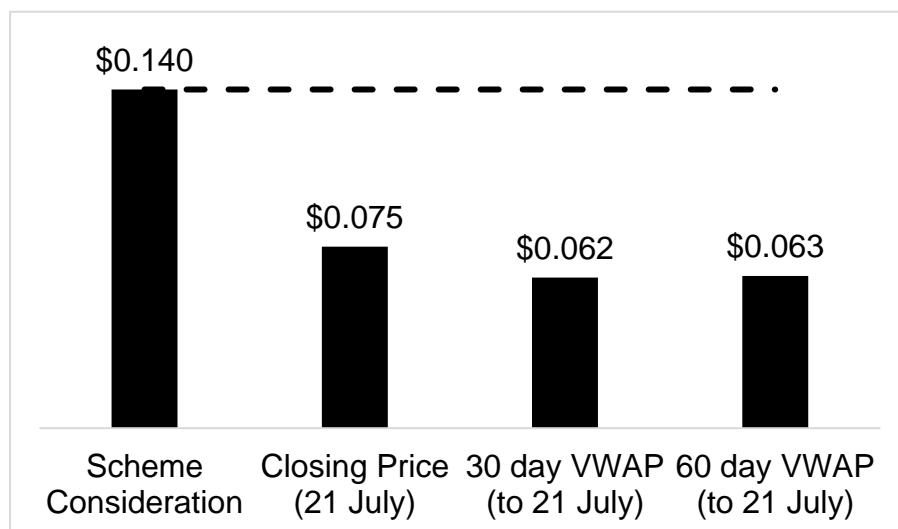

A full copy of the Independent Expert's Report is included in Annexure A of this Scheme Booklet. You should carefully read the Independent Expert's Report in its entirety before making a decision in relation to the Scheme.

(c) **The Scheme Consideration offered represents a significant premium relative to pre-announcement trading**

The Scheme Consideration of \$0.14 cash per Mad Paws Share represents a premium of:

- 87% to the last close price of Mad Paws Shares of \$0.075 on 21 July 2025 (being the last trading day prior to announcement of entry into the Scheme Implementation Deed);
- 125% to the 30-trading day VWAP of Mad Paws Shares up to and including 21 July 2025 of \$0.0622; and
- 123% to the 60-trading day VWAP of Mad Paws Shares up to and including 21 July 2025 of \$0.0629.

The graph below shows the premium of the Scheme Consideration to recent Mad Paws Share prices before announcement of the Scheme on 22 July 2025.

(d) **The Scheme provides certainty of value to Mad Paws Shareholder's investment in Mad Paws**

The consideration payable by Rover under the Scheme is 100% cash consideration. This provides certainty of value for Mad Paws Shareholders and the opportunity to realise their investment in Mad Paws in full for the Scheme Consideration.

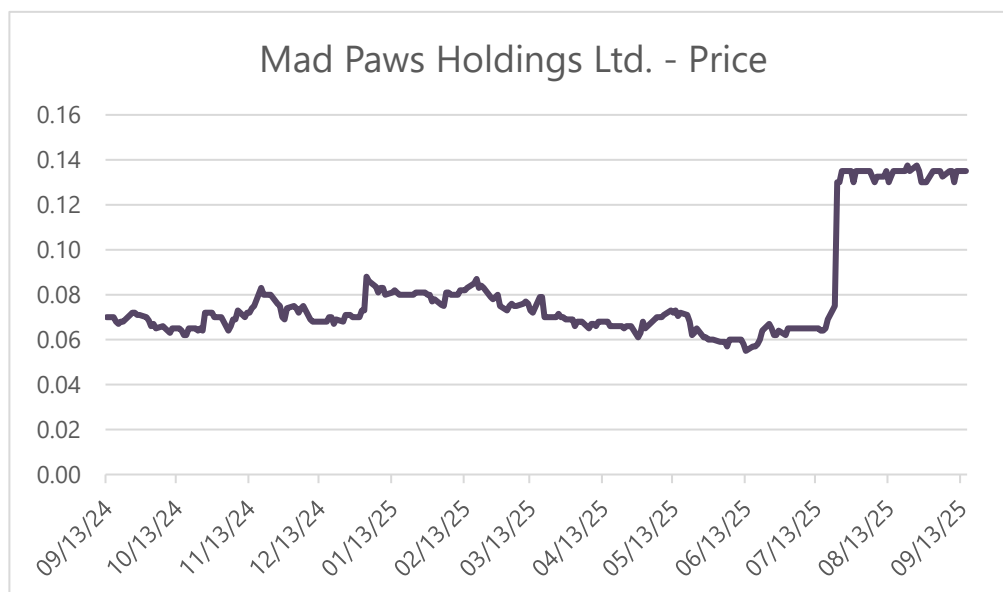

In contrast, if the Scheme does not proceed, the amount which Mad Paws Shareholders will be able to realise for their Mad Paws Shares will be uncertain and Mad Paws Shareholders will continue to be exposed to the risks associated in Mad Paws' business.

(e) **In the absence of a Superior Proposal, Mad Paws' share price may fall in the near-term if the Scheme is not implemented**

Prior to the announcement of signing of the Scheme Implementation Deed, the closing price of Mad Paws Shares was \$0.075 per share on 21 July 2025. On 15 September 2025, the closing price of Mad Paws Shares was \$0.135.

In the absence of a Superior Proposal, if the Scheme is not implemented, there is a risk that the price of Mad Paws Shares may fall in the near term.

The graph below shows the closing price of Mad Paws Shares over the 12-month period to 15 September 2025.

(f) **Since the announcement of the Scheme, no Superior Proposal has emerged**

Since the announcement of the Scheme, no Superior Proposal has emerged and the Mad Paws Board Members are not aware of any Superior Proposal that is likely to emerge.

The Scheme Implementation Deed prohibits Mad Paws from soliciting and responding to a Competing Proposal, other than in certain circumstances. Mad Paws will notify Mad Paws Shareholders if a Superior Proposal is received before the Second Court Hearing.

(g) **The Scheme is supported by Major Shareholders**

As at the Last Practicable Date, two major shareholders of Mad Paws, Bombora Special Investments Growth Fund (**BSIGF**) and former Executive Director, Howard Humphreys¹⁵ (**Major Shareholders**) together hold and/or control the votes in relation to 94,354,547 Mad Paws Shares (such number of shares being the **Major Shareholders' Shares**) (representing 22.91% of the Mad Paws Shares on issue).

The Major Shareholders have notified the Mad Paws Board in writing that they intend to vote all Mad Paws Shares held by them in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert concluding in the Independent Expert's Report (and continuing to conclude) that the Scheme is in the best interest of Mad Paws Shareholders. Each Major

¹⁵ Refer to Mad Paws' ASX announcement dated 29 August 2025 with respect to Mr Humphreys' resignation following completion of the Pet Chemist Transaction.

Shareholder has confirmed that they do not intend to sell, transfer or otherwise dispose of any Major Shareholder Shares prior to the Scheme Meeting.

(h) No brokerage or stamp duty will be payable by you for the transfer of your Mad Paws Shares under the Scheme

You will not incur any brokerage or stamp duty on the transfer of your Mad Paws Shares to Rover under the Scheme. It is possible that such charges may be incurred if you transfer your Mad Paws Shares other than under the Scheme.

3.2 Reasons to not vote in favour of the Scheme

The Mad Paws Board Members consider that the Scheme is in the best interest of Mad Paws Shareholders and unanimously recommend that Mad Paws Shareholders vote in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Mad Paws Shareholders.¹⁶

Notwithstanding this recommendation and this conclusion, Mad Paws Shareholders should read and consider the following reasons not to vote in favour of the Scheme when determining how to exercise their vote at the Scheme Meeting.

(a) You may disagree with the Mad Paws Board Members' unanimous recommendation or the Independent Expert's conclusion and believe that the Scheme is not in your best interest

Notwithstanding the unanimous recommendation of the Mad Paws Board Members and the conclusion of the Independent Expert, you may believe or receive advice that the Scheme is not in your best interest.

Mad Paws Shareholders are not obliged to follow the recommendation of the Mad Paws Board nor to agree with the Independent Expert's conclusion.

(b) You may believe that there is potential for a Superior Proposal to be made in the foreseeable future

Since Mad Paws and Rover entered into the Scheme Implementation Deed on 22 July 2025 through to the date of this Scheme Booklet, no Competing Proposal has emerged. However, Mad Paws Shareholders may consider that a Superior Proposal with better long-term prospects for the Mad Paws businesses could emerge in the foreseeable future. The Scheme becoming Effective and being implemented will mean that existing Mad Paws Shareholders will not receive the benefit of any such Superior Proposal.

The Scheme Implementation Deed prohibits Mad Paws from soliciting and responding to a Competing Proposal (as summarised in Section 4.10(b)), other than in certain circumstances, and requires Mad Paws to notify Rover of any Competing Proposal and its terms. Mad Paws will notify Mad Paws Shareholders if a Superior Proposal is received before the Second Court Date.

(c) You may wish to confine your investment and exposure to a business with Mad Paws' specific characteristics

Mad Paws Shareholders may wish to keep their Mad Paws Shares and preserve their investment in a publicly listed company with the specific characteristics of Mad Paws, notwithstanding the views

¹⁶ When considering this recommendation of the Mad Paws Board Members to vote in favour of the Scheme, Mad Paws Shareholders should have regard to the personal interests of the Mad Paws Board Members as set out in Section 9 of this Scheme Booklet. The Mad Paws Board considers that, notwithstanding these interests, it is appropriate for the Mad Paws Board Members to make such a recommendation, given the importance of the Scheme and their roles as directors of Mad Paws.

expressed by the Independent Expert and the Mad Paws Board Members. Sections 5 and 6 set out further detail on the standalone businesses of Mad Paws and Rover respectively.

Implementation of the Scheme may represent a disadvantage if you do not want to change your investment profile. Mad Paws Shareholders should read this Scheme Booklet carefully to understand the implications of the Scheme and should seek investment, legal or other professional advice in relation to their own circumstances.

(d) The tax consequences of the Scheme may not suit your current financial circumstances

The tax consequences of the Scheme will depend on your personal situation. You may consider that the tax consequences of transferring your Mad Paws Shares to Rover pursuant to the Scheme are not attractive to you.

Mad Paws Shareholders should read the tax implications of the Scheme outlined in Section 7. Section 7 is general in nature and Mad Paws Shareholders should consult with their professional tax adviser regarding their particular circumstances.

3.3 Other key considerations in relation to voting on the Scheme

Mad Paws Shareholders should also take into account the following additional considerations in determining how to exercise their vote at the Scheme Meeting.

(a) The Scheme may be implemented even if you vote against the Scheme or do not vote at all

If the Scheme is approved by the Requisite Majorities of Mad Paws Shareholders and the Court, all of the other Conditions Precedent to the Scheme are either satisfied or waived (as applicable), and the Scheme becomes Effective, the Scheme will bind all Mad Paws Shareholders who hold Mad Paws Shares on the Scheme Record Date. This will include those who did not vote on the Scheme Resolution and those who voted against it, meaning that all Mad Paws Shareholders who hold Mad Paws Shares on the Scheme Record Date will receive the Scheme Consideration.

(b) Implications for Mad Paws and Mad Paws Shareholders if the Scheme is not implemented

If any Conditions Precedent, including approval by the Requisite Majorities of Mad Paws Shareholders and the Court, are not satisfied or waived (as applicable) prior to the End Date, the Scheme will not proceed.

If the Scheme does not proceed, Mad Paws Shareholders will not receive the Scheme Consideration and will retain their Mad Paws Shares. Additionally, the advantages of the Scheme described in Section 3.1 will not be realised and the potential disadvantages of the Scheme described in Section 3.2 will not arise.

If the Scheme is not implemented, Mad Paws will continue to operate in the ordinary course of business and will continue as a standalone entity listed on the ASX. As noted above, whilst Rover's interest is directed towards acquiring the Mad Paws online marketplace business without Mad Paws' non-core online e-commerce division under the Pet Chemist, Sash and Waggly brands, the Mad Paws Board have elected to proceed with the E-Commerce Transactions irrespective if the Scheme completes, and accordingly, going forward following completion of the E-Commerce Transactions, Mad Paws intends to operate as a pure-play marketplace operator.

Mad Paws has incurred costs in respect of the Scheme prior to the date of this Scheme Booklet, including in relation to the conduct of negotiations with Rover, retention of advisers, provision of information to Rover, obtaining regulatory review of the Scheme, engagement of the Independent Expert, and preparation of this Scheme Booklet. If the Scheme is not implemented, Mad Paws expects to pay an aggregate of approximately \$1,000,000 plus GST in external transaction costs in

connection with the Scheme.¹⁷ In addition, depending on the reasons why the Scheme does not proceed, Mad Paws may be liable to pay a Reimbursement Fee of \$1,225,000 to Rover.¹⁸ See Section 4.10(c) for further information on the Reimbursement Fee.

(c) Conditionality of the Scheme

Implementation of the Scheme is subject to the satisfaction or waiver (as applicable) of a number of Conditions Precedent.

The Conditions Precedent are set out in full in clause 3.1 of the Scheme Implementation Deed, a copy of which is available on the ASX website at www.asx.com.au and on Mad Paws' website at <https://www.madpaws.com.au/investor-centre/>.

As at the date of this Scheme Booklet, the implementation of the Scheme is still subject to a number of Conditions Precedent, which are summarised in Section 4.10(a).

If the Conditions Precedent are not satisfied or waived (as applicable) by the End Date, the Scheme will not become Effective and Mad Paws Shareholders will not receive the Scheme Consideration.

(d) Warranty by Scheme Shareholders about their Scheme Shares

If the Scheme is implemented, on the Implementation Date each Scheme Shareholder is deemed to have warranted to Mad Paws and Rover, and appointed and authorised Mad Paws as its attorney and agent to warranty to Rover that:

- all of their Mad Paws Shares (including any rights and entitlements attaching to those shares) which are transferred under the Scheme will, at the date of transfer, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, and that they have full power and capacity to transfer their Mad Paws Shares to Rover together with all rights and entitlements attaching to those shares; and
- they have no existing right to be issued any Mad Paws Shares, Mad Paws Equity Incentives or other Mad Paws securities.

(e) Exclusivity

The Scheme Implementation Deed includes certain exclusivity arrangements that Mad Paws has made in favour of Rover. These include customary no shop, no talk and no due diligence obligations, as well as obligations of notification of Competing Proposals and to providing a matching right to Rover in the event that a Superior Proposal is received by Mad Paws. These exclusivity arrangements are described in further detail in Section 4.10(b).

(f) Reimbursement Fees and Reverse Reimbursement Fees

Under the Scheme Implementation Deed, Mad Paws has agreed to pay Rover a Reimbursement Fee of \$1,225,000 in certain circumstances if the Scheme is not implemented.

¹⁷ This includes external transaction costs associated with the processes undertaken in connection with the E-Commerce Transactions.

¹⁸ No Reimbursement Fees are payable if the Scheme does not proceed solely because of the Requisite Majorities of Mad Paws Shareholders failing to approve the Scheme at the Scheme Meeting.

No Reimbursement Fees are payable if the Scheme does not proceed solely because of the Requisite Majorities of Mad Paws Shareholders failing to approve the Scheme at the Scheme Meeting.

Under the Scheme Implementation Deed, Rover has agreed to pay Mad Paws a Reverse Reimbursement Fee in the amount of \$1,225,000 in certain circumstances if the Scheme is not implemented.

See Section 4.10(c) for a more detailed explanation of the circumstances in which a Reimbursement Fee or Reverse Reimbursement fee (as applicable) is payable.

4. Overview of the Scheme

4.1 Background to the Scheme

On 22 July 2025, Mad Paws announced that it had entered into a Scheme Implementation Deed with Rover, under which it is proposed that Rover will acquire all of the issued share capital of Mad Paws pursuant to the Scheme, subject to several Conditions Precedent including FIRB approval, Mad Paws Shareholder and Court approvals together with other conditions which are summarised in Section 4.10(a). The Scheme follows a comprehensive strategic review undertaken by the Mad Paws Board with the support of Highbury Partnership. The Scheme is a statutory procedure under the Corporations Act that is commonly used to enable one company to acquire another company.

If the Scheme is approved and becomes Effective and you hold Mad Paws Shares on the Scheme Record Date, you will be bound by the Scheme irrespective of whether you voted against the Scheme Resolution or did not vote on the Scheme Resolution. If the Scheme is not approved, the Scheme will not proceed, and you will not be bound by it.

A copy of the full Scheme Implementation Deed can be obtained from the ASX website (www.asx.com.au).

4.2 Scheme Consideration

Under the Scheme Implementation Deed, Rover agreed Mad Paws Shareholders will receive a total cash amount of \$0.14 per Mad Paws Share held by Mad Paws Shareholders on the Scheme Record Date.

4.3 Scheme Meeting

On Wednesday, 17 September 2025, the Court ordered that Mad Paws convene the Scheme Meeting in accordance with the Notice of Scheme Meeting and appointed Jan Pacas to chair the Scheme Meeting. The Court order does not constitute an endorsement of, or any other expression of opinion on, the Scheme or this Scheme Booklet.

The purpose of the Scheme Meeting is for Mad Paws Shareholders to consider whether to approve the Scheme. Mad Paws Shareholders who are registered on the Mad Paws Share Register at 7.00pm (Sydney time) on Wednesday, 22 October 2025 are entitled to vote at the Scheme Meeting.

Voting at the Scheme Meeting will be by poll. Instructions on how to attend and vote at the Scheme Meeting (in person, online or by proxy, attorney or corporate representative) are set out in Sections 1.2 and in the Notice of Scheme Meeting in Annexure D.

The result of the Scheme Meeting will be announced to the ASX shortly after the conclusion of the Scheme Meeting. The result will be accessible from the ASX's website at www.asx.com.au.

4.4 Approvals required from Mad Paws Shareholders and the Court

The Scheme can only become Effective if it is approved by:

- the Requisite Majorities of Mad Paws Shareholders at the Scheme Meeting; and
- the Court on the Second Court Date.

The **Requisite Majorities** for the Scheme Resolution are set out in section 411(4)(a)(ii) of the Corporations Act, and they are:

- a majority in number (more than 50%) of Mad Paws Shareholders present and voting at the Scheme Meeting (either in person, online, or by proxy, representative, attorney, or in the case of a corporation its duly appointed corporate representative, except to the extent the

Court orders otherwise under subsection 411(4)(a)(ii)(A) of the Corporations Act and, in that case, in accordance with that Court order); and

- at least 75% of the total number of votes cast on the Scheme Resolution at the Scheme Meeting by Mad Paws Shareholders (either in person, online, or by proxy, representative, attorney or in the case of a corporation its duly appointed corporate representative).

However, the Court has the discretion to waive the first of these two requirements if it considers it appropriate to do so.

The Scheme Resolution will be voted on by way of poll.

If the Scheme is approved by the Requisite Majorities of Mad Paws Shareholders and all other Conditions Precedent to the Scheme (other than approval of the Court) have been satisfied or waived, Mad Paws will apply to the Court for orders approving the Scheme.

The Corporations Act and the relevant Court rules provide a procedure for Mad Paws Shareholders to oppose the approval of the Scheme by the Court. Any Mad Paws Shareholder who wishes to oppose approval of the Scheme at the Second Court Hearing may do so by filing with the Court and serving on Mad Paws a notice of appearance in the prescribed form together with any affidavit that the Mad Paws Shareholder proposes to rely on. The address for service for Mad Paws is c/- Talbot Sayer Lawyers, Level 1, 175 Eagle Street, Brisbane QLD 4000.

The date for the Second Court Hearing is currently scheduled to be Monday, 3 November 2025. Any change to this date will be announced through the ASX and notified on Mad Paws' website.

4.5 Recommendation of Mad Paws Board Members

The Mad Paws Board Members consider that the Scheme is in the best interest of Mad Paws Shareholders and unanimously recommend that Mad Paws Shareholders vote in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Mad Paws Shareholders.¹⁹

Each Mad Paws Board Member will vote, or procure the voting of, any Director Mad Paws Shares they hold or control in favour of the Scheme at the Scheme Meeting to be held on Friday, 24 October 2025, in the absence of a Superior Proposal.

In considering whether to vote in favour of the Scheme, Mad Paws Board Members encourage you to:

- carefully read all of this Scheme Booklet (including the Independent Expert's Report);
- have regard to your individual risk profile, portfolio strategy, tax position and financial circumstances; and
- obtain advice from your legal, financial, tax or other professional advisers on the effect of the Scheme becoming Effective and being implemented.

Each Mad Paws Board Members' Relevant Interests in Mad Paws Shares, Mad Paws Equity Incentives and Special Exertion Payments are disclosed in Sections 9.1 and 9.2 of this Scheme Booklet.

¹⁹ When considering this recommendation of the Mad Paws Board Members to vote in favour of the Scheme, Mad Paws Shareholders should have regard to the personal interests of the Mad Paws Board Members as set out in Section 9 of this Scheme Booklet. The Mad Paws Board considers that, notwithstanding these interests, it is appropriate for the Mad Paws Board Members to make such a recommendation, given the importance of the Scheme and their roles as directors of Mad Paws.

4.6 Independent Expert's conclusion

Mad Paws Board Members engaged Stantons as Independent Expert to consider whether the Scheme is in the best interest of Mad Paws Shareholders. The Independent Expert has concluded that the Scheme is fair and reasonable and in the best interest of the Mad Paws Shareholders, in the absence of a Superior Proposal. The Independent Expert's Report is contained in Annexure A.

4.7 Implementation of the Scheme

If the Scheme becomes Effective, Rover will acquire all of the Mad Paws Shares and Scheme Shareholders will be paid the Scheme Consideration on the Implementation Date, currently expected to be Tuesday, 11 November 2025.

For the purposes of paying the Scheme Consideration, Rover will deposit in cleared funds, by no later than the Business Day before the Implementation Date, the aggregate Scheme Consideration into the Trust Account.

On the Implementation Date, in consideration for the transfer of each Mad Paws Share to Rover, each Scheme Shareholder will be paid in cash in Australian currency by:

- making a deposit into the nominated bank account of the relevant Scheme Shareholder recorded on the Mad Paws Share Register as at the Scheme Record Date. If you have not previously notified the Mad Paws Registry of your nominated bank account or would like to change your existing nominated bank account, please do so via the Automic Investor Portal before the Scheme Record Date in accordance with the below steps;

To log into the Automic Portal:

1. Go to <https://portal.automic.com.au/investor/home>.
2. If you have already registered, enter your username and password and click "Log in".
3. If you have not yet registered, click "Register" and follow the prompts.

To update payment details:

1. Once you have logged in, click on "My Portfolio Profile".
 2. Select "Payment Instructions" in the Payment Details section.
 3. Input your payment details (please ensure to enter Domestic bank account details in the 'Domestic' section and international bank account details in the 'International' section).
 4. Once you have added your payment details, click 'save'; or
- if a Scheme Shareholder does not have a nominated bank account on the Mad Paws Share Register as at the Scheme Record Date, sending an Australian dollar cheque for any such amount by prepaid post to their address recorded in the Mad Paws Share Register as at the Scheme Record Date.

Cheques will not be issued to Mad Paws Shareholders with a registered address in New Zealand. Mad Paws Shareholders who have a registered address in New Zealand must nominate a valid bank account before the Scheme Record Date to receive the Scheme Consideration directly into their bank account, otherwise payment may be held until a valid bank account has been nominated. Scheme Consideration payable into bank accounts denominated in New Zealand dollars will be converted from Australian dollars to New Zealand dollars prior to payment.

If the whereabouts of a Scheme Shareholder are unknown as at the Scheme Record Date, the Scheme Consideration may be paid into a separate bank account and held until claimed or applied under laws dealing with unclaimed moneys.

4.8 Deemed warranties by Scheme Shareholders

Under the terms of the Scheme, each Scheme Shareholder is deemed to have warranted to Mad Paws and Rover and appointed and authorised Mad Paws as its attorney and agent to warrant to Rover on the Implementation Date that:

- all of their Mad Paws Shares (including any rights and entitlements attaching to those shares) which are transferred under the Scheme will, at the date of transfer, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, and that they have fully power and capacity to transfer their Mad Paws Shares to Rover together with all rights and entitlements attaching to those shares; and
- they have no existing right to be issued any Mad Paws Shares, Mad Paws Equity Incentives or other Mad Paws securities.

4.9 Consequences if the Scheme does not proceed

If the Scheme is not approved at the Scheme Meeting or all of the Conditions Precedent are not satisfied or waived, the Scheme will not proceed, and:

- Mad Paws will continue to operate as a standalone entity listed on the ASX;
- Mad Paws Shareholders will continue to hold their Mad Paws Shares and share in any benefits and risks of Mad Paws' ongoing business; and
- Mad Paws Shareholders will not receive the Scheme Consideration.

Depending on the reasons why the Scheme does not proceed, Mad Paws may be liable to pay a Reimbursement Fee to Rover. Alternatively, Rover may be liable to pay a Reverse Reimbursement Fee to Mad Paws under certain circumstances.

No Reimbursement Fees are payable if the Scheme does not proceed solely because of the Requisite Majorities of Mad Paws Shareholders failing to approve the Scheme at the Scheme Meeting.

See Section 4.10(c) for further information on the Reimbursement Fee and the Reverse Reimbursement Fee.

The Mad Paws Board Members have confidence in Mad Paws' future as an independent entity and its ability to maintain earnings and growth. It is difficult to predict the effect on the Mad Paws Share price if the Scheme does not proceed but in the absence of a Superior Proposal, there is a risk that the price of Mad Paws Shares may fall in the near term.

Despite the confidence of the Mad Paws Board Members in the future of Mad Paws as an independent entity, the Mad Paws Board Members consider that the Scheme is in the best interest of Mad Paws Shareholders, in the absence of a Superior Proposal.

4.10 Summary of Scheme Implementation Deed

The Scheme Implementation Deed sets out the rights and obligations of Mad Paws and Rover in connection with the implementation of the Scheme. A full copy of the Scheme Implementation Deed is attached to the Mad Paws ASX announcement of 22 July 2025 which is available on the ASX website (www.asx.com.au). The following is a summary of the key terms of the Scheme Implementation Deed only and is qualified in its entirety by the full text of the Scheme Implementation Deed.

(a) Conditions Precedent

The obligations of the parties to implement the Scheme are subject to the conditions precedent set out in clause 3.1 of the Scheme Implementation Deed (and summarised below) being satisfied or

waived (where capable of waiver) in accordance with the terms of the Scheme Implementation Deed, each being a Condition Precedent:

- **FIRB approval:** before 5:00pm (Sydney time) on the Business Day before the Second Court Date one of the following has occurred:
 - (i) Rover has received written notice under the FIRB Act, by or on behalf of the Treasurer of the Commonwealth of Australia (**Treasurer**), advising that the Commonwealth Government has no objections to the Transaction either unconditionally or on terms that are acceptable to Rover acting reasonably (and Rover acknowledges and agrees that the Standard Tax Conditions are reasonable and acceptable to it if they are included in any “no objections” notification contemplated by this Condition Precedent that is received in connection with the Transaction);
 - (ii) the Treasurer becomes precluded by the passage of time from making an order or decision under Part 3 of the FIRB Act in relation to the Transaction and the Transaction is not prohibited by section 82 of the FIRB Act; or
 - (iii) where an interim order is made under section 68 of the FIRB Act in respect of the Transaction, the subsequent period for making an order or decision under Part 3 of the FIRB Act elapses without the Treasurer making such an order or decision.
- **Shareholder approval:** Mad Paws Shareholders approve the Scheme at the Scheme Meeting by the requisite majorities under subparagraph 411(4)(a)(ii) of the Corporations Act.
- **Independent Expert:** the Independent Expert:
 - issues an Independent Expert’s Report which concludes that the Scheme is in the best interest of Mad Paws Shareholders before the time when the Scheme Booklet is registered with ASIC; and
 - does not publicly adversely change its conclusion or withdraw the Independent Expert’s Report prior to 8:00am (Sydney time) on the Second Court Date.
- **Court approval:** the Court approves the Scheme in accordance with section 411(4)(b) of the Corporations Act.
- **Restraints:** between (and including) the date of Scheme Implementation Deed and 8.00am on the Second Court Date there is not in effect any temporary, preliminary or final order, injunction, decision or decree issued by any court of competent jurisdiction or other Government Agency, or other material legal restraint or prohibition, which prevents, restrains, makes illegal, prohibits or otherwise materially adversely affects (or could reasonably be expected to prevent, restrain, make illegal, prohibit or otherwise materially adversely affect) implementation of the Scheme or requires the divestiture by Rover or any of its Controlled Entities of any Mad Paws Shares or assets of the Rover Group or any of its Controlled Entities or the Mad Paws Group, unless such order, injunction, decision, decree, action, investigation or application has been disposed of to the satisfaction of Rover acting reasonably, or is otherwise no longer effective or enforceable, by 8:00am on the Second Court Date.
- **No Mad Paws Prescribed Occurrence:** no Mad Paws Prescribed Occurrence occurs between (and including) the date of the Scheme Implementation Deed and 8:00am (Sydney time) on the Second Court Date.
- **No Mad Paws Material Adverse Change:** no Mad Paws Material Adverse Change occurs between (and including) the date of the Scheme Implementation Deed and 8:00am (Sydney time) on the Second Court Date.
- **E-Commerce Transactions:** before 8:00am (Sydney time) on the Second Court Date:

- (i) each action contemplated in the E-Commerce Separation Plan has been completed or implemented in all material respects in accordance with the E-Commerce Separation Plan; and
 - (ii) each E-Commerce Transaction has completed or been implemented, in each case in accordance with the terms agreed between the parties in writing in the E-Commerce Transaction Agreements and under the E-Commerce Separation Plan.
- **Mad Paws Equity Incentives:** Mad Paws has taken all necessary steps by 8:00am (Sydney time) on the Second Court Date to ensure that, before the Scheme Record Date, all Mad Paws Equity Incentives vest and are exercised or converted into Mad Paws Shares, or lapse or are cancelled, as agreed by Mad Paws and Rover.
- **Debt repayment and releases:** before 8:00am (Sydney time) on the Second Court Date, Mad Paws has procured, and has provided Rover with documentation reasonably necessary to evidence:
 - (i) the repayment of all Mad Paws Group's Financial Indebtedness;
 - (ii) the release of any Security Interests granted by a member of the Mad Paws Group in favour of a Third Party, and procuring the return of any title documents held by that Third Party; and
 - (iii) the discharge of each registration on the PPS Register in favour of any Third Party, in each case in a form acceptable to Rover.
- **Mad Paws Consent Contracts:** before 8:00am (Sydney time) on the Second Court Date, Mad Paws (or the relevant Mad Paws Group Member) has received written notice under or in respect of each of the Mad Paws Consent Contracts under which the relevant counterparty has agreed to provide all necessary consents, releases, confirmations, approvals, exemptions or waivers in respect of the Transaction required by and in a form satisfactory to Rover and, as at 8:00am (Sydney time) on the Second Court Date, no such consents, releases, confirmations, approvals, exemptions or waivers have been withdrawn or revoked or rights in respect of such consents, releases, confirmations, approvals, exemptions or waivers have been exercised (or have been purported to be exercised) by the relevant counterparties.

If the Conditions Precedent are not fully satisfied or waived then the Scheme will not proceed.

As at the date of this Scheme Booklet, the FIRB approval Condition Precedent has been satisfied.

Refer to:

- Section 4.11 for a summary of the intended treatment of Mad Paws Equity Incentives; and
- Section 5.3 for a summary of the status of the E-Commerce Transactions,

as at the date of this Scheme Booklet.²⁰

As at the date of this Scheme Booklet, none of the Mad Paws Board Members are aware of any circumstances which would cause any of the remaining Conditions Precedent not to be satisfied.

²⁰ The Scheme Implementation Deed includes Conditions Precedent relating to Mad Paws Equity Incentives, the E-Commerce Transactions and the repayment of Mad Paws Group's Financial Indebtedness, amongst other Conditions Precedent.

See the Scheme Implementation Deed and the Glossary in Section 10.1 for the meanings of the defined terms in this Section 4.10(a).

(b) Exclusivity Provisions

Mad Paws has agreed to exclusivity provisions in the Scheme Implementation Deed, as summarised below.

No existing discussions

Mad Paws represents and warrants to Rover that as at the date of the Scheme Implementation Deed, it and its Related Persons and each of its Related Bodies Corporate and the respective Related Persons of its Related Bodies Corporate:

- is not a party to any agreement, arrangement or understanding with a Third Party entered into for the purpose of facilitating a Competing Proposal;
- it is not directly or indirectly participating in any discussions, negotiations or communications, and has terminated any existing discussions, negotiations or other communications, in relation to, or which could be reasonably likely or expected to lead to, or encourage, a Competing Proposal; and
- has ceased to provide or make available any non-public information in relation to the Mad Paws Group to a Third Party where such information was provided for the purpose of facilitating, or which could be reasonably likely or reasonably be expected to lead to, or encourage, a Competing Proposal.

No shop, no talk, no due diligence

During the Exclusivity Period, Mad Paws must not, and must ensure that each of its Related Persons and Related Bodies Corporate and the Related Persons of those Related Bodies Corporate do not, directly or indirectly:

- **No shop:** solicit, invite, encourage or initiate (including by the provision of non-public information to any Third Party) any inquiry, expression of interest, offer, proposal, discussion or other communication by any person in relation to, or which could reasonably be expected to encourage or lead to the making of, an actual, proposed or potential Competing Proposal or announce or communicate to any person an intention to do any of the aforementioned things; or
- **No talk and no due diligence:** subject to the 'Fiduciary exception' (summarised below):
 - (i) facilitate, participate in or continue any negotiations, discussions or other communications with respect to any inquiry, expression of interest, offer, proposal or discussion by any person to make, or which could reasonably be expected to encourage or lead to the making of, an actual, proposed or potential Competing Proposal;
 - (ii) negotiate, accept or enter into, or offer or agree to negotiate, accept or enter into, any agreement, arrangement or understanding regarding an actual, proposed or potential Competing Proposal;
 - (iii) disclose or otherwise provide or make available any non-public information about the business or affairs of the Mad Paws Group to a Third Party (other than a Government Agency that has the right to obtain that information and has sought it) or make available to any Third Party, or permit any Third Party to have access to any officers or employees of, a Mad Paws Group Member, in connection with, with a view to obtaining, or which could reasonably be expected to encourage or lead to the formulation, receipt or announcement of, an actual, proposed or potential Competing Proposal (including, without limitation, providing such information for the purposes of the conduct of due diligence investigations in respect of the Mad Paws Group) whether by that Third Party or another person; or

- (iv) communicate to any person an intention to do any of the aforementioned things.

The 'no talk' and 'no due diligence' provisions do not prohibit or restrict any action or inaction by Mad Paws, any of its Related Bodies Corporate or any of their respective Related persons, in relation to an actual, proposed or potential Competing Proposal if the Mad Paws Board has determined, in good faith, after:

- consultation with its advisers, that such actual, proposed or potential Competing Proposal is a Superior Proposal or could reasonably be expected to become a Superior Proposal; and
- receiving written legal advice from its external legal advisers that failing to respond to the Competing Proposal would, or would be reasonably likely to constitute a breach of the Mad Paws Board's fiduciary or statutory obligation,

provided that:

- the actual, proposed or potential Competing Proposal was not directly or indirectly brought about by, or facilitated by, a breach of Mad Paws' exclusivity obligations; and
- Mad Paws promptly and within 48 hours notifies Rover of any action or inaction by it or its Related Bodies Corporate or any of its respective Related Persons in reliance on this exception.

4.11 Mad Paws Equity Incentives

(a) Overview of arrangements

As at the Last Practicable Date, Mad Paws had a total of 61,259,840 Mad Paws Equity Incentives on issue comprised as follows:

- 14,728,295 vested options issued under the Legacy Plan granted to employees at around the time of Mad Paws' IPO in March 2021 with exercise prices between \$0.0159 and \$0.0929 per option (**Legacy Options**);
- 14,444,070 partially vested long term incentive options issued under the EIP granted to employees on various dates between 15 September 2022 and 14 November 2024 with exercise prices between \$0 and \$0.289 per option (**EIP LTI Options**). 5,448,676 of these EIP LTI Options with exercise prices of \$0, \$0.2295 and \$0.2890 have already vested at the Last Practicable Date, and a further 1,747,696 EIP LTI Options with a \$0.2295 exercise price are scheduled to vest in the ordinary course on 20 September 2025;
- 9,487,475 partially vested short term incentive options issued under the EIP granted to employees on various dates between 19 October 2022 and 14 November 2024 with \$0 exercise price per option (**EIP STI Options**). 2,640,702 of these EIP STI Options have

already vested as at the Last Practicable Date, and a further 1,449,152 EIP STI Options are scheduled to vest in the ordinary course on 30 September 2025;

- 20,600,000 vested options issued under the EIP granted to directors and employees in connection with Mad Paws' IPO on various dates between 23 March 2021 and 15 November 2021 with an exercise price of \$0.34 per option (**EIP IPO Options**); and
- 2,000,000 vested options issued to the joint lead managers in connection with Mad Paws' IPO on 23 March 2021 with an exercise price of \$0.30 per option (**JLM Options**).

Each option entitles the holder to be allocated one Mad Paws Share, subject to the satisfaction of certain conditions.

(b) Intended treatment of Mad Paws Equity Incentives

Subject to the Scheme becoming Effective, under the Scheme Implementation Deed, Mad Paws must take such action as is necessary to ensure that, prior to 8:00am (Sydney time) on the Second Court Date, the Mad Paws Equity Incentives will vest and be exercised or converted into Mad Paws Shares, or lapse or are cancelled, with the effect that holders of certain Mad Paws Equity Incentives can participate in the Scheme and receive Scheme Consideration.

Options issued under the Legacy Plan

Under the change of control provisions in the Legacy Plan rules, in the context of the Scheme the Mad Paws Board has discretion to deal with any or all unexercised options issued under the Legacy Plan rules, including to buy-back, exchange or bring forward the vesting of options (or do nothing, and allow the options to continue in accordance with their terms).

As all Legacy Options are vested, in connection with the Scheme, the Mad Paws Board has determined to amend the terms of the Legacy Plan rules to include a cashless exercise mechanism as an alternative to the existing cash settlement mechanism pursuant to which all Legacy Options are intended to be exercised prior to the Record Date for the Scheme, conditional on the Scheme being approved by Mad Paws Shareholders at the Scheme Meeting and the Scheme becoming Effective.

Mad Paws has applied for, and has received a waiver from Listing Rule 6.23.4 to the extent necessary to permit Mad Paws to amend the terms of the Legacy Options to permit the cashless exercise of those options without shareholder approval. Exercise by way of a cashless exercise facility will relieve holders of Legacy Options of the requirement to self-fund the cash exercise price of those options, with exercising optionholders receiving a reduced number of Mad Paws Shares in lieu of paying the exercise price in cash, such that holders of these options will be in the same net position had they self-funded the exercise of their options and then disposed of all resulting shares to Rover under the Scheme. Refer to Section 9.9 for more details with respect to the waiver.

In accordance with clause 13.1 of the Legacy Plan rules, Mad Paws intends to send a notice to holders of Legacy Options on or around the date this Scheme Booklet is dispatched to Mad Paws Shareholders notifying them of the Scheme and the proposed amendment of the Legacy Plan rules to include a cashless exercise mechanism pursuant to which Mad Paws intends that all Legacy Options will be exercised, conditional on the Scheme being approved by Mad Paws Shareholders at the Scheme Meeting and the Scheme becoming Effective.

As the exercise prices for all Legacy Options are below the Scheme Consideration, and given the intention that all Legacy Options will be settled by cashless mechanism, if the Scheme becomes

Effective, it is expected that 12,393,065 Mad Paws Shares will be issued on exercise of all of the 14,728,295 vested Legacy Options pursuant to the cashless exercise mechanism.²¹

If the Scheme does not become Effective, the terms of the Legacy Plan rules will not be amended and the Legacy Options will remain on foot in accordance with the terms of the (unamended) Legacy Plan rules.

Options issued under the EIP

Under the change of control provisions in the EIP rules, in the context of the Scheme:

- the Mad Paws Board has discretion to determine the manner in which any or all unvested options and unexercised vested options issued under the EIP will be dealt with subject to all applicable laws, regulations, the Listing Rules and the terms of a participant's offer; and
- any vested options issued under the plan that remain unexercised within 2 days after the Scheme is approved by Mad Paws Shareholders will automatically lapse.

In connection with the Scheme, the Mad Paws Board has exercised its discretion to confirm that:

- it intends to accelerate the vesting of 2,750,000 unvested EIP LTI Options with a \$0 exercise price (converting to 2,750,000 Mad Paws Shares on exercise), conditional on the Scheme being approved by Mad Paws Shareholders at the Scheme Meeting and the Scheme becoming Effective;²²
- it intends to accelerate the vesting of 5,397,621 unvested EIP STI Options with a \$0 exercise price (converting to 5,397,621 Mad Paws Shares on exercise), conditional on the Scheme being approved by Mad Paws Shareholders at the Scheme Meeting and the Scheme becoming Effective;²³ and
- any remaining unvested EIP LTI Options, unexercised vested EIP LTI Options, unvested EIP STI Options, unexercised vested EIP STI Options, unexercised vested EIP IPO Options, that remain unexercised within 2 days after the Scheme is approved by Mad Paws Shareholders at the Scheme Meeting will automatically lapse.

Mad Paws intends to send a notice to holders of EIP LTI Options, EIP STI Options and EIP IPO Options on or around the date this Scheme Booklet is dispatched to Mad Paws Shareholders notifying them of the Scheme and their rights under the EIP.

If any or all of the EIP LTI Options, EIP STI Options and EIP IPO Options are not exercised and the Scheme is approved by Mad Paws Shareholders at the Scheme Meeting, any EIP LTI Options, EIP STI Options and EIP IPO Options that have not been exercised within two days after the Scheme Meeting will automatically lapse in accordance with the EIP rules.

JLM Options

²¹ 5,129,363 Legacy Options are held by, or on behalf of, Mad Paws Board Members, Jan Pacas and Justus Hammer. These options will be exercisable into 4,455,219 Mad Paws Shares pursuant to the cashless exercise facility.

²² These EIP LTI Options relate to the second tranche of EIP LTI Options issued to Graham Mason and Justus Hammer in late 2024. This tranche has a \$60 million market capitalisation vesting condition, which the Mad Paws board have determined is satisfied in connection with the Scheme based on the total transaction equity value of the Scheme of approximately \$61.5 million. The first tranche of EIP LTI Options (2,750,000 options) have already vested (\$45 million market capitalisation vesting condition) and the vesting of the remaining third tranche of EIP LTI Options issued (2,750,000 options) is not being accelerated (\$80 million market capitalisation vesting condition).

²³ These EIP STI Options represent all of the outstanding unvested EIP STI Options on issue. 3,166,339 EIP STI Options have already vested. Justus Hammer holds 1,953,463 of the EIP STI Options proposed to be accelerated vested.

The JLM Options have been issued under the terms of share option deeds entered between Mad Paws and each option holder, as amended or supplemented from time to time.

In the context of the Scheme, any JLM Options issued that remain unexercised within 2 days after the Scheme is approved by Mad Paws Shareholders will automatically lapse in accordance with the share option deed terms.

If any or all of the JLM Options are not exercised and the Scheme is approved by Mad Paws Shareholders at the Scheme Meeting, any JLM Options that have not been exercised within two days after the Scheme Meeting will automatically lapse in accordance with the relevant share option deed terms.

5. Overview of Mad Paws

5.1 Introduction and business overview

Mad Paws is an Australian-based pet services marketplace operating in a growing sector, underpinned by strong demographic and consumer behaviour tailwinds. The business is focused on making pet ownership easier and more accessible by connecting pet owners with trusted local carers across Australia.

Mad Paws was co-founded in 2014 by Justus Hammer, Alexis Soulopoulos and Jan Pacas, with a vision to build Australia's leading pet services marketplace. Since launching the platform in 2015, Mad Paws has evolved into a category leader in the pet care services space, offering a broad range of services including holiday pet sitting, dog walking, pet day care, grooming, and house visits.

Through the Mad Paws platform, pet owners can search for, compare, book, and review verified pet sitters. The marketplace is designed to provide a trusted and seamless experience for both pet owners and service providers, with a focus on safety, reliability, and convenience.

As of 30 June 2025, the Mad Paws marketplace has facilitated bookings for hundreds of thousands of Australian pet owners, with a national network of approximately 70,000 registered pet sitters, and walkers.

Mad Paws remains committed to enhancing the lives of pets and pet owners across Australia and is well-positioned to capture continued growth in the domestic pet services market.

5.2 Corporate history

Mad Paws Holdings Limited ACN 636 243 180 is an Australian public company, and has been listed on the ASX under ASX code MPA since March 2021.

Mad Paws Pty Ltd ACN 600 835 425 was founded in 2014 in Sydney and launched its online pet services marketplace in 2015. Between 2016 and 2020, the business scaled nationally. In December 2020, Mad Paws Holdings Limited (formerly named Arugam Limited) acquired 100% of the shares in Mad Paws Pty Ltd in exchange for shares in Mad Paws Holdings Limited, and completed a pre-IPO funding round. Mad Paws Holdings Limited lodged a prospectus in connection with its IPO and ASX listing on 12 February 2021, and was admitted to the Official List of ASX Limited (ASX) on 25 March 2021 under the "MPA" ASX code.

From 2020 onwards, Mad Paws expanded its marketplace offering to include new adjacent businesses, Dinner Bowl and Mad Paws Health, and acquired pet-related e-commerce brands, Pet Chemist Online, Waggly and Sash. The Dinner Bowl product lines were exited during the 2023 financial year, whilst Mad Paws began a process to divest the Pet Chemist business and discontinue the other non-core brands in late 2024.

5.3 Separation of E-Commerce Businesses

As announced to the ASX on 22 July 2025, Rover's interest is directed towards acquiring the Mad Paws online marketplace business without Mad Paws' non-core online e-commerce division under the Pet Chemist, Sash and Waggly brands. Accordingly, implementation of the Scheme is conditional on Mad Paws undertaking the E-Commerce Transactions (amongst other Conditions Precedent).²⁴

²⁴ In addition to other Conditions Precedent summarised in Section 4.10(a).

The following transactions are required to be completed in order for the E-Commerce Transaction Condition Precedent to be satisfied:

- the Pet Chemist Transaction, comprising the:
 - transfer of 100% of the issued capital in Natures Paw to Animal Magnetism; and
 - subsequent sale of 100% of the issued capital in Animal Magnetism (and its wholly owned subsidiaries Aussie Pet Meds and Natures Paw) by Mad Paws to VetPartners Australia Pty Ltd;
- the voluntary deregistration of Gassett Group under section 601AA of the Corporations Act; and
- the closure of the “Sash” business.

The Mad Paws Board have determined to proceed with the E-Commerce Transactions irrespective if the Scheme completes.

As at the date of this Scheme Booklet, the E-Commerce Transactions have been largely completed. In particular, the Pet Chemist Transaction was completed on 29 August 2025,²⁵ the Sash and Waggly businesses have ceased operations, and the de-registration application for Gassett Group has been lodged with ASIC. Mad Paws’ debt facility with Partners for Growth VII, L.P. was also repaid in full on 29 August 2025 using proceeds from the Pet Chemist Transaction.²⁶

Following completion of the Pet Chemist Transaction, Pet Chemist’s founder, Howard Humphreys, continued as CEO of the Pet Chemist business and resigned his role as executive director of Mad Paws with effect from 29 August 2025. Other staff, including Pet Chemist’s Head of Operations, Melissa Cronin (B. Pharm. MPS) also continued with Pet Chemist following the Pet Chemist Transaction. Mad Paws will continue to provide certain transitional services to VetPartners Australia Pty Ltd for an initial period of 3 months after completion of the Pet Chemist Transaction to support the Pet Chemist business.

All divestment and discontinuation activities are expected to be completed prior to the implementation of the Scheme, and going forward, following completion of the E-Commerce Transactions, Mad Paws intends to operate as a pure-play marketplace operator.

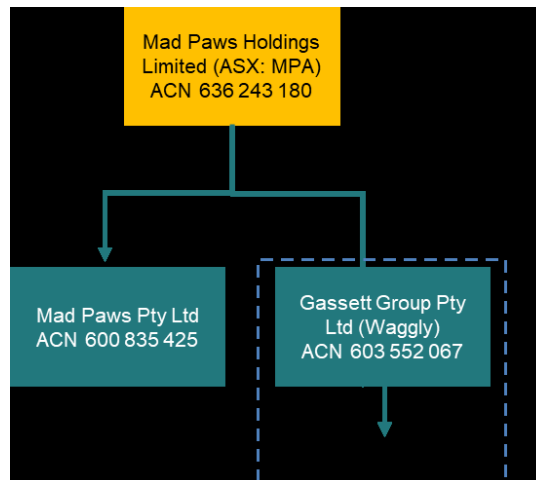

5.4 Corporate structure

The corporate structure of the Mad Paws Group at the Last Practicable Date is shown below:²⁷

²⁵ The Pet Chemist Transaction completed on 29 August 2025, and is subject to certain post-completion net debt, working capital and other purchase price adjustments not yet completed at the Last Practicable Date. Refer to Mad Paws’ ASX announcement dated 29 August 2025.

²⁶ The Scheme Implementation Deed includes a Condition Precedent relating to the repayment of all Mad Paws Group’s Financial Indebtedness and release of associated Security Interests. Refer to Section 4.10(a) for further details.

²⁷ Structure shown reflects the position after completion of the Pet Chemist Transaction which occurred on 29 August 2025.

5.5 Business model

Mad Paws' primary business model is an online marketplace that facilitates the provision of pet care services between pet owners and pet service providers via its proprietary technology platform.

Mad Paws generates revenue from pet care service bookings made through the Mad Paws marketplace. These services include pet sitting, dog walking, day care, grooming, and home visits. Revenue is derived from two sources on each booking:

- **Service Fees** charges to pet service providers; and
- **Booking Fees** charged to pet owners.

Signing up to the marketplace is free for both pet owners and pet service providers. The platform provides the end-to-end infrastructure for search, booking, communication, payment processing, and post-service review.

The pet care services category has been the core of Mad Paws' business since 2015 and remains its primary revenue stream.

Prior to the divestment of the Pet Chemist business and the closure of the Sash and Waggly businesses the Mad Paws Group also generated revenue from the online e-commerce division, however, following the divestment of these non-core activities and irrespective of whether the Scheme is implemented, Mad Paws intends to operate exclusively as a focused marketplace business.

6.3 Rationale for proposed acquisition of Mad Paws

The Scheme represents a unique opportunity for Rover to establish a presence in the Australian market.

Rover has a long and successful track record of investing in pet services marketplaces and similar businesses in a variety of jurisdictions. Rover believes that the acquisition of Mad Paws represents an attractive opportunity to expand its expertise to Australia and to improve the overall profitability and growth of the Mad Paws Group operations.

6.4 Funding the Scheme Consideration

The Scheme Consideration is 100% cash.

Under the terms of the Deed Poll and conditional upon the Scheme becoming Effective, Rover has undertaken, in favour of each Mad Paws Shareholder, to pay the Scheme Consideration into the Trust Account no later than the Business Day before the Implementation Date.

The maximum aggregate Scheme Consideration is approximately A\$61,498,498. This amount is calculated on the basis that there will be a maximum of 439,274,986 Mad Paws Shares on issue as at the Scheme Record Date and assumes that all Conditions Precedent have been satisfied or waived.

Rover intends to fund payment of the Scheme Consideration using existing cash and credit facilities. As at 31 August 2025, Rover's cash and cash equivalents were in excess of US\$50 million and the available undrawn amount under its existing credit facilities was US\$172 million.

The Scheme is not conditional on Rover arranging financing.

Final decisions regarding these matters will be made in light of all material information, facts and circumstances at the relevant time if the Scheme is implemented. Accordingly, the statements set out in this Section 6.5 are statements of current intention only and may change as new information becomes available or circumstances change.

Rover recognises that Mad Paws' employees have been an integral part of the success of the Marketplace Business and are critical to the future growth of the business. It is intended that after the Implementation Date, Justus Hammer will continue as the Chief Executive Officer of Mad Paws and Graham Mason will continue as Chief Financial Officer.

If the Scheme is implemented, Rover does not intend to make any material changes to Mad Paws' employees. However, final decisions on Mad Paws' employment arrangements will be made following a review of Mad Paws operational and organisational structure to be undertaken by Rover after implementation of the Scheme. That review will be undertaken with the objective of ensuring Mad Paws is well positioned to deliver on its growth strategy.

For completeness, given the Pet Chemist Transaction has now been implemented and in anticipation of the implementation of the other E-Commerce Transactions, Rover notes that certain changes have been made to the employees and contractors of the Mad Paws Group, including the transition out of the Mad Paws Group of certain individuals who continued with the Pet Chemist Business, in each case in accordance with the E-Commerce Transaction Agreements.

(d) Delisting

If the Scheme is implemented, it is intended that quotation of Mad Paws Shares on the ASX will be terminated and Mad Paws will be removed from the official list of the ASX on or around the Trading Day immediately following the Implementation Date. It is also intended that Rover will apply to convert Mad Paws from a public company to a proprietary company.

(e) Constituent documents

If the Scheme is implemented, Rover intends to replace Mad Paws' constitution with one that is appropriate for an Australian proprietary company limited by shares.

6.6 Rover's interests in Mad Paws Shares

As at the Last Practicable Date, none of Rover, or any Rover Group Member or a member of the Rover Board of Managers have any Relevant Interest or voting power in any Mad Paws Shares.

(c) No inducing benefits given during previous four months

During the period of four months before the date of this Scheme Booklet, none of Rover nor any Rover Group Member gave, or offered to give, or agreed to give, a benefit to another person where the benefit was likely to induce the other person or an associate of the other person, to vote in

(d) Benefits to Mad Paws officers

(f) Regulatory approvals

Rover has obtained the required confirmations and approvals from FIRB in respect of the Scheme.

7. Tax implications

7.1 Introduction

This Section 7 provides a general overview of the Australian tax consequences of the Scheme (assuming it is implemented) for certain Mad Paws Shareholders. It does not constitute tax advice and should not be relied upon as such.

The overview is based upon the Australian tax law and administrative practice in effect at the date of this Scheme Booklet. It is general in nature and is not intended to be an authoritative or complete statement of the tax laws applicable to the particular circumstances of a Mad Paws Shareholder. Mad Paws Shareholders are advised to seek their own independent professional tax advice in relation to their own particular circumstances.

The categories of Mad Paws Shareholders considered in this summary are individuals, companies, and trusts (other than superannuation funds, managed investment trusts (**MITs**), pension funds or public trading trusts), each of whom hold their shares on capital account and are residents of Australia for tax purposes. This summary does not address the Australian tax consequences for Mad Paws Shareholders who:

- hold their Mad Paws Shares on revenue account (for example, trading entities or entities who acquired their Mad Paws Shares for the purposes of resale at a profit) or as trading stock;
- obtained roll-over relief in connection with the acquisition of their Mad Paws Shares;
- may be subject to special tax rules, such as insurance companies, partnerships, tax exempt organisations and entities subject to the Investment Manager Regime pursuant to Subdivision 842-I of the Tax Act;
- hold their Mad Paws Shares under an employee share scheme offered by Mad Paws or otherwise hold Mad Paws Equity Incentives that will vest if the Scheme becomes Effective where those Mad Paws Shares or Mad Paws Equity Incentives remain subject to deferred taxation under Division 83A of the Tax Act;
- are under a legal disability;
- are exempt from Australian income tax;
- are subject to the taxation of financial arrangements rules in Division 230 of the Tax Act in relation to gains and losses on their Mad Paws Shares; or
- are not residents of Australia (for income tax purposes).

Mad Paws Shareholders who are tax residents of a country other than Australia (whether or not they are also residents, or are temporary residents, of Australia for tax purposes) should take into account the tax consequences of the Scheme under the laws of their country of residence, as well as under Australian law. The below comments relate to Australian tax law only.

7.2 Income tax consequences

If the Scheme is implemented, Rover will acquire all of the Mad Paws Shares from Mad Paws Shareholders who hold Mad Paws Shares on the Scheme Record Date and those Mad Paws Shareholders will receive the Scheme Consideration of \$0.14 per Mad Paws Share.

Certain expected key Australian tax issues associated with the above matter are outlined below.

(a) **Capital gains tax implications associated with the disposal of Mad Paws Shares**

If the Scheme is implemented, Mad Paws Shareholders should be considered to dispose of their Mad Paws Shares to Rover under the Scheme for Capital Gains Tax (**CGT**) purposes on the Implementation Date. Broadly, this disposal will give rise to CGT event A1.

The CGT event should occur when the change of ownership of the Mad Paws Shares occurs. Under the Scheme, the change of ownership will occur on the Implementation Date.

Mad Paws Shareholders should be required to determine their capital gain or loss in respect of the disposal of their Mad Paws Shares. Mad Paws Shareholders will make a capital gain on disposal of their Mad Paws Shares to the extent that the capital proceeds from the disposal of their Mad Paws Shares exceeds the cost base of their Mad Paws Shares. Alternatively, Mad Paws Shareholders will make a capital loss to the extent that the capital proceeds received from the disposal of their Mad Paws Shares is less than reduced cost base of their Mad Paws Shares.

A Mad Paws Shareholders' cost base and reduced cost base in their Mad Paws Shares should generally include:

- the amount of money paid, or the market value of any property given to acquire the Mad Paws Shares; plus
- any 'incidental costs' of the acquisition as defined in the CGT provisions (e.g. brokerage fees and stamp duty); plus
- any non-capital costs not claimed as an income tax deduction; less
- any previous capital returns made by Mad Paws.

For the calculation of any capital gain or loss, the capital proceeds received by a Mad Paws Shareholder should be the Scheme Consideration of \$0.14 in cash per Mad Paws Share.

A capital loss may be realised to the extent that the reduced cost base of a Mad Paws Share exceeds the capital proceeds from its disposal. Generally capital losses can be offset against capital gains realised in the same income year or future income years, subject to certain loss recoupment tests being satisfied.

Mad Paws Shares acquired in different transactions may have different cost bases and therefore capital gains may arise in respect of some Mad Paws Shares while capital losses may arise in respect of other Mad Paws Shares.

(b) CGT discount

As the Scheme Consideration is to be provided in cash only, no CGT rollovers should be available to Mad Paws Shareholders in relation to the Scheme.

If a Mad Paws Shareholder is an individual or trustee of a trust and acquired their Mad Paws Shares at least 12 months before the Implementation Date (the date that the relevant CGT event should be taken to have occurred), the amount of the capital gain (after firstly being reduced for any current year capital losses and prior year capital losses) may be reduced by the relevant CGT discount (being 50%). The CGT discount is not available to Mad Paws Shareholders that are companies or non-residents of Australia for income tax purposes.

If the Mad Paws Shareholder that realises the capital gain and is entitled to the CGT discount is the trustee of a trust, the CGT discount may flow through to the beneficiaries of the trust, provided those beneficiaries are not corporate entities (with the exception of corporate entities in their capacity as the trustee of a trust) and are Australian residents. The ultimate availability of the discount for the beneficiaries of a trust will depend on the particular circumstances of the trust and its beneficiaries. Mad Paws Shareholders that are trustees should seek specific advice regarding the tax consequences of distributions to beneficiaries who may qualify for discounted capital gains.

Mad Paws Shareholders who are companies should not be entitled to the CGT discount.

(c) Non-Australian tax resident Mad Paws Shareholders

General

Mad Paws Shareholders who are non-residents of Australia for income tax purposes and do not hold their Mad Paws Shares through a permanent establishment in Australia, should be able to disregard any capital gain or capital loss that would otherwise arise from the disposal of their Mad Paws Shares to Rover.

While the Australian tax law applies in certain circumstances to tax a non-resident on the disposal of interests in an Australian company, this will only occur where the shareholder, together with their associates own at least 10% of the Australian company and more than 50% of the market value of the company's underlying assets is referable to direct or indirect interests in Australian real property. The Mad Paws Board Members are of the view that, as at the date of this Scheme Booklet, the interests Mad Paws holds in real property do not exceed 50% of the value of Mad Paws' total assets and the Mad Paws Board Members expect this will remain the position as at the Implementation Date, and if that does remain the position as at the Implementation Date these provisions will not apply.

Non-resident shareholders who were previously residents of Australia for income tax purposes and elected to treat their Mad Paws Shares as 'taxable Australian property' on cessation of their residency will have the same CGT consequences on disposal of their Mad Paws Shares as those set out above for residents. Non-resident shareholders however are not entitled to the CGT discount.

It is highly recommended that non-resident Mad Paws Shareholders that are non-resident beneficiaries of a non-fixed trust obtain independent professional advice to confirm the tax implications arising from their own specific circumstances, as CGT may apply to the beneficiary of a discretionary trust on disposal in these circumstances, notwithstanding the shares are not taxable Australian property.

Non-resident shareholders should also consider the taxation implications of the disposal of their Mad Paws Shares in their country of residence.

Foreign Resident Capital Gains Withholding

The foreign resident capital gains withholding regime can impose an obligation on a purchaser of shares from a non-resident to withhold an amount equal to 12.5% of the purchase price of the asset and remit this amount to the ATO. The withholding obligation will only apply when the shares acquired meet the definition of an 'indirect Australian real property interest'.

The Mad Paws Board Members are of the view that, as at the date of this Scheme Booklet, the interests Mad Paws hold in real property are minimal and therefore the Mad Paws Shares do not constitute an indirect Australian real property interest, and the Mad Paws Board Members expect this will remain the position as at the Implementation Date. If that does remain the position as at the Implementation Date, no amounts will be required to be withheld by Rover from the Scheme Consideration.

7.3 Stamp duty

If the Scheme is implemented, no stamp duty should be payable by Mad Paws Shareholders in relation to the transfer of their Mad Paws Shares to Rover under the Scheme.

7.4 GST

If the Scheme is implemented, no GST should be payable by Mad Paws Shareholders in relation to the disposal of their Mad Paws Shares to Rover under the Scheme.

8. Risk factors

8.1 Introduction

This Section 8 describes certain key risks associated with Mad Paws and the Scheme. You should carefully consider the risk factors in this Section, as well as other information contained throughout the Scheme Booklet before voting on the Scheme. This Section 8 outlines:

- general risks (Section 8.2); and
- specific risks relating to the business of Mad Paws (Section 8.3); and
- specific risks relating to the Scheme (Section 8.4).

These risks will only continue to be relevant to Mad Paws Shareholders if the Scheme does not proceed and Mad Paws Shareholders retain their current investment in Mad Paws. If the Scheme proceeds, Mad Paws Shareholders who hold Mad Paws Shares on the Scheme Record Date will receive the Scheme Consideration, will cease to be Mad Paws Shareholders and will no longer be exposed to the risks set out in this Section 8.

The outline of risks in this Section 8 is a summary only and should not be considered exhaustive. This Section 8 does not attempt to set out every risk that may be associated with an investment in Mad Paws now or in the future. The occurrence or consequences of some of the risks described in this Section 8 may be partially or completely outside the control of Mad Paws.

8.2 General risks

Mad Paws is exposed to a number of general risks that could materially adversely affect its assets and liabilities, financial position, financial performance, prospects and potential to make further distributions to Mad Paws Shareholders, and the price and/or value of Mad Paws Shares. General risks that may impact on Mad Paws or the market for Mad Paws Shares include:

- changes in general business, industry cycles and economic conditions including inflation, interest rates, exchange rates and consumer demand;
- changes to government policy, legislation or regulation, including the imposition of any economic sanctions;
- the nature of competition in the markets and industries in which Mad Paws operates;
- natural disasters or catastrophes and other general operational and business risks;
- acts of war and hostilities, acts of terrorism, civil disturbance and other force majeure risks;
- variations in Mad Paws' operating results;
- recommendations by securities analysts;
- changes in investor sentiment and overall performance of the Australian and international stock markets;
- the operating and trading price performance of other comparable listed entities; and
- changes to accounting standards and reporting standards.

Some of these factors could affect Mad Paws' share price regardless of Mad Paws' underlying operating performance.

8.3 Specific risks relating to the business of Mad Paws

This section sets out some of the potential risks associated with Mad Paws' business and the industry in which it operates. Mad Paws is subject to risk factors that are both specific and those that are more general in nature. Any of these risk factors may, if they eventuate, have an adverse effect on Mad Paws' business, financial position, operating and financial performance, growth and/or the value of Mad Paws Shares. Many of the circumstances giving rise to these risks and the occurrence of consequences associated with each risk are partially or completely outside of Mad Paws' control.

(a) Failure to retain existing customers and attract new customers of Mad Paws' products and services

Mad Paws' financial performance depends on its ability to retain customers and users (both existing pet owners and pet service providers), its ability to convert those customers and users to users of its other products and its ability to generate new business by attracting new customers and users to its marketplace or other pet industry category products and services. If Mad Paws is unable to retain existing customers and users, and/or to attract new users to the marketplace or to its other pet industry category products and services at the rate, and with the same pricing, revenues and costs Mad Paws currently expects, this may have a materially adverse impact on Mad Paws' operations and financial performance and/or growth.

(b) Customer acquisition costs

Customer demand for Mad Paws' products and services is currently generated, in part, from paid online media sources such as Facebook and Google. Customer acquisition costs, in particular from online media sources may rise in the future and in such circumstances the Company could find it difficult to acquire customers at a price sufficient to make a profit.

(c) Growth and profitability depend on an active community

The level of active users of the Mad Paws marketplace is subject to various factors, including the availability of pet service providers or active pet owners in a given area. There is a risk that, in a given location, there is an insufficient number of pet service providers to satisfy the demand of pet owners, or an insufficient number of pet owners to meet the availability of pet service providers. If the Mad Paws marketplace does not meet the expectations of its users there is a risk of those users leaving the marketplace. This could in turn adversely impact on Mad Paws' operational and financial performance and/or growth.

(d) Liability to users of the Mad Paws marketplace

As Mad Paws manages and facilitates pet care services, such as pet sitting and pet walking through its marketplace, there is a risk that some pet service providers will not provide their services to pet owners to an acceptable standard, resulting in damage to property, or loss, injury or death of a pet. Whilst the terms and conditions of use of the Mad Paws marketplace provide that pet owners contract directly with the pet service provider, and that Mad Paws is not liable for any loss or damage to property or the wellbeing of pets, there is always the risk that a pet owner may wish to take action against Mad Paws as the marketplace provider. While Mad Paws seeks to manage its exposure to risk by means of insurance, there is a risk that such insurance will not respond to a claim against Mad Paws, or that Mad Paws suffers reputational damage as the result of a claim against it. This could adversely impact on Mad Paws' financial performance and/or growth.

(e) Contractual risk

Mad Paws has contractual obligations and rights with respect to a number of agreements it is a party to. These agreements may include provisions which allow for termination for convenience or otherwise. No assurance can be given that all such agreements will be fully performed by all contracting parties or that Mad Paws will be successful in securing compliance with the terms of each agreement by the relevant contracting party. If a contracting party were to breach or terminate a material agreement, Mad Paws' business, operations and financial performance could be adversely affected.

(f) Reliance on third parties and the internet

The operation of the Mad Paws' marketplace is reliant on the performance and availability of Mad Paws' technology and communication systems and that of its suppliers and other third parties, including mobile app stores, pet service providers, and insurance partner. In addition, the Mad Paws platform depends on the availability of the internet and to a lesser extent on the quality of users' access to the internet. Internet access is frequently provided by companies that have significant market power that could take actions that degrade, disrupt, or increase the cost of user access to Mad Paws' platform which would negatively impact Mad Paws.

(g) Competition

Mad Paws operates in an industry that is subject to significant change, driven by factors including advancements in technology and changing consumer behaviours. The barriers to entry into the industries that Mad Paws operates in are not high, and there is a risk that increased competition from new or existing competitors (some of which have access to more resources and scale than Mad Paws) emerges in the Australian market in the future. Management believe that Mad Paws' product and service offerings have a strong competitive advantage, with its marketplace infrastructure and features which are advanced compared to its competitors.

(h) Cyber security and data protection

Mad Paws collects and holds a significant amount of personal information and data about pet service providers and pet owners. Mad Paws is reliant on third party suppliers for data processing and payment services, and Mad Paws and such suppliers collect, store and transmit significant amounts of customer information. Mad Paws' systems, or those of its third party service providers, may fail, or be subject to disruption as a result of external threats or system errors. Cyber-attacks could also compromise or breach the safeguards implemented by Mad Paws to maintain confidentiality of such information and could result in significant disruption to Mad Paws' systems, including its marketplace, reputational damage, loss of system integrity, or breaches of Mad Paws' obligations under applicable laws. While Mad Paws and its suppliers have implemented strategies to protect the security and integrity of customer data, there can be no assurance that unauthorised or inadvertent use or disclosure will occur or that Mad Paws or its suppliers will not be subject to hacking attacks, malware, viruses or other measures, resulting in breaches of information security.

(i) Key personnel risk

An investment in Mad Paws is in large an investment in the Mad Paws key management team and personnel. The loss of key members of management, a change in the senior management team or the failure to attract additional skilled individuals to key management roles, could have a material adverse effect on Mad Paws' operations and may hinder the ability of Mad Paws to achieve its business strategy and growth objectives. A failure to attract and retain other executive, operational, technical and other personnel could limit the Company's ability to grow.

(j) Change to laws and regulations

Mad Paws may be adversely impacted by the introduction of new governmental policy, laws, regulations or rules enacted, or existing policy, laws, regulations or rules amended or interpreted in such a way, that apply to the services Mad Paws provides or impose regulations on its operations, including (without limitation) policy, laws, regulations or rules applying to or regulating digital gig economy platforms and/or their users.

(k) Intellectual property may be compromised or lost

Mad Paws has developed proprietary software which supports the operation of the Mad Paws marketplace. The commercial value of Mad Paws' intellectual property is reliant, in part, on operational procedures to maintain the confidentiality and legal protections provided by a combination of confidentiality obligations on employees and third parties and other intellectual property rights. There is a risk that Mad Paws' intellectual property may be compromised in a number of different ways, which could erode Mad Paws' competitive position and could have a materially adverse impact on Mad Paws' operations, financial performance and/or growth.

(l) **Climate change risk**

Mad Paws recognises that climate change presents significant risks to our operations and overall business environment. Extreme weather events and changing climate patterns could impact demand for bookings. Furthermore, as governments increasingly implement environmental regulations aimed at reducing carbon emissions, Mad Paws may face higher compliance costs and potential penalties. Mad Paws also acknowledges that consumers are becoming more environmentally conscious, and there is an expectation for companies like Mad Paws to take proactive measures to mitigate environmental impact. Failure to meet these expectations could affect Mad Paws' brand reputation and customer loyalty.

(m) **Tax risk**

Tax laws are complex and subject to change over time, depending on changes in the laws and the practices or policies of the governments and regulatory authorities. There is a risk that changes to Australian tax laws, policies and/or practice, or the manner in which they are interpreted or applied, may impact the Mad Paws Group's operations and may have an adverse impact on shareholder returns.

(n) **Fraud**

As the Mad Paws Group continues to grow incidences of external fraud in the Mad Paws marketplace may increase. The Mad Paws Group has dedicated teams monitoring and preventing fraudulent activity, but cannot guarantee increasingly sophisticated occurrences of fraud will be prevented.

8.4 Specific risks relating to the Scheme

(a) **Conditions Precedent**

Implementation of the Scheme is subject to a number of Conditions Precedent, which are summarised at Section 4.10(a). The Scheme will not proceed to the Second Court Date unless the Conditions Precedent are satisfied or waived (as applicable). Given that there are Conditions Precedent which are yet to be satisfied, there is a risk that the Second Court Date will be delayed, which will in turn delay the Implementation Date.

The Scheme will not proceed if the Conditions Precedent are not satisfied or waived (as applicable) before the End Date.

Refer to:

- Section 4.11 for a summary of the intended treatment of Mad Paws Equity Incentives; and
- Section 5.3 for a summary of the status of the E-Commerce Transactions,

as at the date of this Scheme Booklet.³²

A failure to satisfy any one of the Conditions Precedent, or a delay in satisfying the Conditions Precedent and implementing the Scheme, may adversely affect the price of Mad Paws Shares.

³² The Scheme Implementation Deed includes Conditions Precedent relating to Mad Paws Equity Incentives, the E-Commerce Transactions and the repayment of Mad Paws Group's Financial Indebtedness, amongst other Conditions Precedent. Refer to Section 4.10(a) for further details of all Conditions Precedent.

(b) Court approval

The Court may not approve the Scheme, either at all or in the form proposed, or the Court's approval of the Scheme may be delayed. In particular, if there is a material change in circumstances between the Scheme Meeting and the Second Court Date, the Court will take the change into account in deciding whether it should approve the Scheme. If there is a material change of sufficient importance so as to materially alter the Scheme, there is a risk that the Court may not approve the Scheme on the Second Court Date.

(c) Tax consequences for Mad Paws Shareholders

If the Scheme becomes Effective, there will be tax consequences for the Mad Paws Shareholders which may include tax being payable.

For further detail regarding general Australian tax consequences of the Scheme, refer to Section 7 of this Scheme Booklet. The tax consequences may vary depending on the nature and characteristics of Mad Paws Shareholders and their specific circumstances. Accordingly, you should seek professional tax advice in relation to your particular circumstances.

(d) Scheme does not proceed

If the Scheme does not proceed and no other acceptable proposal is received, Mad Paws will continue on a standalone basis with the Marketplace Business only and Mad Paws Shareholders will retain their Mad Paws Shares. In these circumstances there is a risk that Mad Paws Shares may trade below their current market price.

Mad Paws Shareholders will also remain exposed to the normal risks inherent in Mad Paws' business if the Scheme and the acquisition of Mad Paws by Rover does not proceed.

If the Scheme is not implemented, Mad Paws expects to pay an aggregate of approximately \$1,000,000 plus GST in external transaction costs in connection with the Scheme.³³ These transaction costs are primarily payable to Mad Paws financial, legal, tax and accounting advisors, the Independent Expert and Mad Paws Registry. In addition, depending on the reasons why the Scheme does not proceed, Mad Paws may be liable to pay a Reimbursement Fee of \$1,225,000 to Rover.³⁴ See Section 4.10(c) for further information on the Reimbursement Fee.

³³ This includes external transaction costs associated with the actions required to satisfy the E-Commerce Transaction Condition Precedent.

³⁴ No Reimbursement Fees are payable if the Scheme does not proceed solely because of the Requisite Majorities of Mad Paws Shareholders failing to approve the Scheme at the Scheme Meeting.

9. Additional information

This Section 9 sets out the statutory information required by section 412(1)(a) of the Corporations Act and Part 3 of Schedule 8 to the Corporations Regulations to be included in this Scheme Booklet, to the extent not covered elsewhere in this Scheme Booklet. This Section 9 also includes additional information that the Mad Paws Board Members consider material to a decision on how to vote on the Scheme Resolution.

9.1 Interests of Mad Paws Board Members

(a) Securities in Mad Paws held by, or on behalf of, Mad Paws Board Members

Mad Paws Board Members, or entities Controlled by them, who hold Mad Paws Shares will be entitled to vote at the Scheme Meeting and receive the Scheme Consideration along with the other Scheme Shareholders. Each Mad Paws Board Member intends to vote, or procure the voting of, all Director Mad Paws Shares that they hold or control in favour of the Scheme, in each case in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Mad Paws Shareholders.

Please refer to Section 4.11 for details regarding the treatment of Mad Paws Equity Incentives (including those held by Mad Paws Board Members) if the Scheme becomes Effective. Mad Paws Shareholders should have regard to the Mad Paws Equity Incentives held by the Mad Paws Board Members as set out above when considering their recommendation on the Scheme which appears throughout this Scheme Booklet. The Mad Paws Board considers that, notwithstanding these interests, it is appropriate for the Mad Paws Board Members to make such a recommendation, given the importance of the Scheme and their roles as directors of Mad Paws.

(c) Dealings of Mad Paws Board Members in Mad Paws securities

Other than as noted in the table below, no Mad Paws Board Member acquired or disposed of a Relevant Interest in any Mad Paws securities in the four-month period ending on the date immediately prior to the date of this Scheme Booklet.⁴⁶

| Mad Paws Board Member | Number of Mad Paws securities | Issue date |
|-----------------------|-------------------------------|------------------|
| Justus Hammer | 1,529,987 Mad Paws Shares | 1 September 2025 |
| Jan Pacas | 970,558 Mad Paws Shares | 1 September 2025 |
| Michael Hill | 727,918 Mad Paws Shares | 1 September 2025 |
| Vicki Aristidopoulos | 727,918 Mad Paws Shares | 1 September 2025 |

(d) Interests of Mad Paws Board Members in marketable securities of Rover

No marketable securities of Rover are owned or controlled by Mad Paws Board Members and no such persons are otherwise entitled to such securities as at the date of this Scheme Booklet.

9.2 Benefits and agreements

(a) Payments in connection with retirement from office

Other than as disclosed in this Scheme Booklet, there is no payment or other benefit that is proposed to be made or given to any Mad Paws Board Member or secretary or executive officer of Mad Paws (or any of its Related Bodies Corporate) as compensation for the loss of, or as consideration for or in connection with his or her retirement from, office in Mad Paws or any of its Related Bodies Corporate.

(b) Deeds of access, indemnity and insurance

Mad Paws has entered into deeds of access, indemnity and insurance with the Mad Paws Board Members, on market standard terms (**D&O Deeds**). The D&O Deeds include terms that provide for Mad Paws to indemnify each of its directors and officers against any liability incurred by such

⁴⁶ The dealings set out in this Section 9.1(c) relate to Mad Paws securities issued to satisfy remaining Mad Paws' obligations to issue shares to senior management and Mad Paws Board Members as approved at the 2024 AGM. In addition, 768,359 Mad Paws Shares were issued to former directors of Mad Paws, Howard Humphreys (resigned 29 August 2025) and Joshua May (resigned 20 November 2024).

persons in their capacity as a director or officer of the company to any person other than a member of the Mad Paws Group.

Mad Paws also pays a premium in respect of a directors' and officers' insurance policy for the benefit of the directors and officers of the Mad Paws Group. If the Scheme is implemented, Mad Paws intends to enter into an arrangement to effect and maintain directors' and officers' run-off insurance coverage for all current and former Mad Paws Board Members for seven years from the retirement date of each Mad Paws Board Member or termination date in the case of officers on commercially reasonable terms.

As at the Last Practicable Date, Mad Paws expects that the costs associated with entry into such run-off arrangements with respect to directors and officers will not exceed \$482,185.99 (including stamp duty, but excluding GST).

(c) Agreements or arrangements connected with or conditional on the Scheme

There are no agreements or arrangements made between any Mad Paws Board Member and another person in connection with, or conditional on, the outcome of the Scheme other than in their capacity as a Mad Paws Shareholder or as noted in this section.

Special Exertion Payments

In connection with the Scheme, and as permitted in accordance with rule 19.5(g) of the Mad Paws Constitution, the Mad Paws Board has approved a one-off special exertion bonus payment for each Mad Paws Board Member (including Howard Humphreys who was an executive director until his resignation on 29 August 2025 following completion of the Pet Chemist Transaction) to recognise the significant additional time and services outside the scope of their ordinary duties provided in connection with the Scheme (**Special Exertion Payments**). The Special Exertion Payments are proposed to be made in addition to the directors' ordinary director fees and executive salary remuneration.

The Board considered that the performance of these additional services was necessary to recognise the provision by Mad Paws of due diligence and negotiations with third parties regarding a potential control transaction, and additional meetings and time and resources required to be committed by the executive and non-executive directors over a sustained period of time as part of negotiating, agreeing and overseeing the process through to implementation of the Scheme and E-Commerce Transactions.

Mad Paws' constitution does not place a monetary cap on the payment of special exertion bonuses to directors. The Special Exertion Payment payable to each Mad Paws Board Member is detailed below.

| Mad Paws Board Member | Position | Special Exertion Payment Amount |
|-----------------------|--|---------------------------------|
| Justus Hammer | CEO and Managing Director | \$97,610 |
| Jan Pacas | Non-executive Chair | \$52,940 |
| Michael Hill | Non-executive Director | \$39,705 |
| Vicki Aristidopoulos | Non-executive Director | \$39,705 |
| Howard Humphreys | Non-executive Director <i>Resigned 29 August 2025</i> | \$34,072.40 |
| Total | | \$264,032.40 |

The Mad Paws Board considers the above Special Exertion Payments to be fair and reasonable given the significant additional workload and time commitment of these individuals involved in the matters outlined above over a sustained period.

Payment of the Special Exertion Payments is conditional upon the Scheme being approved by Mad Paws Shareholders at the Scheme Meeting and the Scheme becoming Effective.

Transaction Payments

In addition to the above Special Exertion Payments proposed to be paid to the Mad Paws Board Members, the Mad Paws Board has also determined to pay one-off transaction bonuses of \$100,000 in aggregate (excluding superannuation) to two Mad Paws employees (one of which is Graham Mason, Mad Paws CFO), payable upon the Scheme becoming Effective in recognition of the additional services these employees provided in connection with the Scheme above their general responsibilities (**Transaction Payments**). None of the recipients of the Transaction Payments are Mad Paws Board Members.

(d) Other Benefits

Certain employees of Mad Paws, including Managing Director and CEO, Justus Hammer, and CFO, Graham Mason, are entitled to receive a one-off cash payment (**Retention Payments**) in connection with FY25 performance incentives that would otherwise have been payable to the nominated employees as zero price options granted under the Mad Paws EIP absent the Scheme. The Retention Payment payable to Justus Hammer is an amount equal to \$81,692 (excluding superannuation and payroll tax), and the Retention Payment payable to Graham Mason is an amount equal to \$51,058 (excluding superannuation and payroll tax). No other Mad Paws Board Members (other than Justus Hammer) or executive officers will receive any Retention Payments.

The Retention Payments are payable in two tranches conditional on the relevant officers and employees remaining employed with Mad Paws, with 50% payable on implementation of the Scheme, and the remaining 50% payable in September 2026 (being 12 months after the date the Retention Payments would have been paid in the ordinary course of Mad Paws' business absent the Scheme).

The maximum aggregate amount of all Retention Payments that may become payable to Mad Paws employees is \$308,000 (excluding superannuation and payroll tax).

Other than as set out in this Scheme Booklet, no Mad Paws Board Member, secretary or executive officer of Mad Paws (or any of its Related Bodies Corporate) has agreed to receive, or is entitled to receive, any payment or benefit from Rover which is conditional on, or is related to, the Scheme, other than in their capacity as a Mad Paws Shareholder.

(e) Interests of Mad Paws Board Members in Rover contracts

No Mad Paws Board Member has an interest in any contract entered into by a member of the Rover Group.

9.3 Creditors of Mad Paws

The Scheme, if implemented, is not expected to materially prejudice Mad Paws' ability to pay its creditors as it involves the acquisition of shares in Mad Paws for consideration provided by a third party. No material new liability (other than transaction costs) is expected to be incurred by Mad Paws because of the implementation of the Scheme. Mad Paws has paid and is paying all of its creditors within normal terms and is solvent and trading in an ordinary commercial manner.

9.4 Transaction costs

Mad Paws will incur external transaction costs in connection with the Scheme. Some of these costs are conditional on the Scheme proceeding, and if the Scheme is implemented these will effectively be borne by Rover who will have acquired Mad Paws from implementation.

If the Scheme is implemented, Mad Paws expects to pay an aggregate of approximately \$2,198,000 plus GST in external transaction costs in connection with the Scheme.⁴⁷ If the Scheme is not implemented, Mad Paws expects to pay an aggregate of approximately \$1,000,000 in external transaction costs in connection with the Scheme. These transaction costs are primarily payable to Mad Paws' financial and legal advisors, the Independent Expert and the Mad Paws Registry.

These transaction costs do not include any Reimbursement Fee that may be payable by Mad Paws (see Section 4.10(c) for information on the circumstances in which a Reimbursement Fee may be payable by Mad Paws).

Annexure A – Independent Expert's Report

17 September 2025

The Directors
Mad Paws Holdings Limited
Level 5, 126-130 Phillip St
Sydney NSW 2000

Dear Directors,

Independent Expert's Report Relating to Scheme

1 Executive Summary

Opinion

- 1.1 In our opinion, the proposed transaction including the proposal outlined in the attached Scheme Booklet ("**Scheme Booklet**") relating to the sale of Mad Paws Holdings Limited ("**Mad Paws**") to Rover Group, Inc. ("**Rover**"), is considered to be **FAIR** and **REASONABLE** and therefore, **IN THE BEST INTEREST** of the members of the Mad Paws, in the absence of a superior proposal, as at the date of this report.

Introduction

- 1.2 Stantons Corporate Finance Pty Ltd ("**Stantons**") was engaged by the Directors of Mad Paws to prepare an Independent Expert's Report ("**IER**") to provide an opinion on whether the proposal outlined in the attached Scheme Booklet is in the best interest of the members of Mad Paws, in the absence of a superior proposal.
- 1.3 Mad Paws is an Australian Securities Exchange ("**ASX**") listed company that operates an online pet ecosystem, connecting pet owners with high quality services and products. The Mad Paws marketplace is an online platform for pet owners to book pet sitting, walking, day care and grooming services (the "**Marketplace Business**"). Mad Paws has also previously operated e-commerce businesses offering pet healthcare, pet nutrition, pet medication, pet treats and other speciality items, under the brands Pet Chemist, Waggly, and Sash (the "**E-Commerce Businesses**").
- 1.4 Rover is a Seattle, Washington based company that operates an online marketplace for pet care, connecting pet owners with pet care providers offering services such as boarding and in-home sitting, doggy daycare, dog walking and drop-in visits. Rover currently operates in 16 countries across North America and Europe.
- 1.5 On 22 July 2025, Mad Paws entered into a Scheme Implementation Deed ("**SID**") under which it is proposed that Rover will acquire 100% of the Mad Paws shares on issue for cash consideration of \$0.14 per share, by way of a Scheme of Arrangement (the "**Scheme**").
- 1.6 Under the Scheme, Rover will acquire solely the Marketplace Business of Mad Paws. Mad Paws has entered into an agreement with VetPartners Australia Pty Ltd ("**VetPartners**") for the sale of

the Pet Chemist¹ business for approximately \$13 million in cash consideration on a cash-free, debt free basis (subject to net debt, working capital and other purchase price adjustments) (the “**Pet Chemist Divestment**”), which is a condition precedent to the Scheme. The Pet Chemist Divestment was completed on 29 August 2025. Additionally, it is a condition precedent for Mad Paws to close down or deregister the E-Commerce Businesses operated under the Sash and Waggly brands (the “**Sash and Waggly Closures**”). Implementation of the Scheme is dependent on both the Pet Chemist Divestment and Sash and Waggly Closures (collectively, the “**E-Commerce Transactions**”) being completed.

- 1.7 Other key conditions precedent to the Scheme include (but are not limited to):
- a) Foreign Investment Review Board approval being obtained;
 - b) Mad Paws shareholder approval being obtained;
 - c) an IER concluding (and continuing to conclude) that the Scheme is in the best interest of Mad Paws shareholders;
 - d) the Court approves the Scheme in accordance with paragraph 411(4)(b) of the Corporations Act;
 - e) no restraints, prescribed occurrences or material adverse change occurs prior to the date of the Second Court Date;
 - f) the E-Commerce Transactions are completed and each step in the E-Commerce separation plan has been completed or implemented, as detailed below, prior to the Second Court Date;
 - g) all existing Mad Paws equity incentives are dealt with in accordance with the SID (refer to paragraph 2.5);
 - h) Mad Paws repaying all financial indebtedness, releasing all security interests and discharging all registrations granted by Mad Paws or its subsidiaries.

Purpose

Guidance

- 1.8 As noted in the Australian Securities and Investments Commission (“**ASIC**”) Regulatory Guide 111: *Content of Expert Reports*, although not legally required, companies that implement a Scheme of Arrangement often commission an expert report when transactions are complex or effect a takeover. We note that it is a condition precedent to the Scheme that an Independent Expert concludes (and continues to conclude) that the Scheme is in the best interest of Mad Paws shareholders.
- 1.9 Accordingly, Mad Paws has commissioned Stantons to prepare an IER to be appended to the Scheme Booklet to be lodged with ASIC.

Basis of Evaluation

- 1.10 With regard to the ASIC Regulatory Guide 111: Content of Expert Reports (“**RG111**”), we have assessed the Transaction as:
- fair if the value of a Mad Paws share on a control basis is less than the value of the consideration offered; and
 - reasonable if it is fair, or if despite not being fair there are sufficient reasons for Non-Associated Shareholders to accept the offer.

Valuation of Mad Paws

Primary Valuation – Revenue Multiple

- 1.11 We valued Mad Paws ordinary shares on a multiple of future maintainable revenue basis, as outlined below. We note that our valuation of Mad Paws is on the basis that the Pet Chemist Divestment has occurred (as announced on 29 August 2025), and Sash and Waggly Closures will occur, which will result in the Marketplace business being the only operating business in the group going forward if the Scheme does not proceed. We have therefore calculated the value of Mad Paws by valuing the Marketplace Business, and including adjustments for the estimated net proceeds of the Pet Chemist Divestment and wind-down costs for the Sash and Waggly businesses.

1.15 As the value of a Mad Paws share on a control basis is less than the value of the consideration offered under each of the low, preferred and high scenarios, the Scheme is considered **FAIR** to the members of Mad Paws.

Reasonableness Assessment

1.16 With regard to RG111.12, we determined that as the Scheme is fair, it is also **REASONABLE** to the shareholders of Mad Paws.

1.17 Mad Paws shareholders should note that we have not considered the tax circumstances of individual shareholders. Shareholders should consult their tax advisor in this regard.

Conclusion

- 1.18 **In our opinion, as the Scheme is considered to be FAIR and REASONABLE, it is considered to be IN THE BEST INTEREST of the members of the Company, in the absence of a superior proposal.**
- 1.19 This opinion must be read in conjunction with the more detailed analysis included in this report, together with the disclosures, Financial Services Guide, and appendices to this report.

2 Summary of Scheme

Scheme

Key Terms

- 2.1 On 22 July 2025, Mad Paws entered into the SID with Rover pursuant to which it is proposed that Rover will acquire 100% of the Mad Paws ordinary shares on issue for consideration of \$0.14 in cash per share, by way of scheme of arrangement.
- 2.2 The terms of the SID include (but are not limited to) the following conditions precedent:
- a) Foreign Investment Review Board approval being obtained;
 - b) Mad Paws shareholder approval being obtained;
 - c) an IER concluding (and continuing to conclude) that the Scheme is in the best interest of Mad Paws shareholders;
 - d) the Court approves the Scheme in accordance with paragraph 411(4)(b) of the Corporations Act;
 - e) no restraints, prescribed occurrences or material adverse change occurs prior to the date of the Second Court Date;
 - f) the E-Commerce Transactions are completed and each step in the E-Commerce separation plan has been completed or implemented, as detailed below, prior to the Second Court Date;
 - g) all existing Mad Paws equity incentives are dealt with in accordance with the SID, with treatment as described at paragraph 2.5 below;
 - h) Mad Paws repaying all financial indebtedness, releasing all security interests and discharging all registrations granted by Mad Paws or its subsidiaries.

E-Commerce Transactions

- 2.3 Mad Paws entered into an agreement with VetPartners Australia Pty Ltd for the sale of the Pet Chemist business. The Company announced that the Pet Chemist Divestment was completed on 29 August 2025.
- 2.4 Under the terms of the SID, Mad Paws must also undertake the Sash and Waggly Closures. As announced by the Company on 29 August 2025, operations have ceased on the Sash and Waggly businesses and the applicable closure and deregistration processes are in progress.

Equity Incentives

- 2.5 Under the SID, all vested in-the-money options are proposed to be exercised prior to implementation of the Scheme, while all other options will lapse or be forfeited. The number of options intended to be exercised prior to implementation of the Scheme comprise:
- 14,728,295 vested legacy options that were granted to employees prior to the Mad Paws' IPO, with exercise prices between \$0.0159 and \$0.0929 per option. The Company is proposing to amend the terms of the legacy options to include a cashless exercise mechanism². It is the Company's intention that all vested legacy options are to be converted under the cashless exercise mechanism if the Scheme is implemented, which would result in 12,393,065 ordinary shares being issued;

² We note that this amendment is subject to the Company receiving a waiver from ASX Listing Rule 6.23.4 to allow Mad Paws to amend the terms of the legacy options without obtaining shareholder approval and conditional on the Scheme being approved, which was obtained on 11 September 2025

- 2,750,000 EIP LTI options with nil exercise price that have already vested and another 2,750,000 unvested EIP LTI options with nil exercise price that the Mad Paws' board have agreed to accelerate vesting (conditional on the Scheme being approved);
- 2,640,702 EIP STI options with nil exercise price which have already vested and a further 1,449,152 that are scheduled to vest on 30 September 2025; and
- 5,397,621 unvested EIP STI options with nil exercise price that the Mad Paws board have agreed to accelerate vesting (conditional on the Scheme being approved).

2.6 Accordingly, as at the date the Scheme is implemented, assuming exercise of all vested in-the-money options, Mad Paws is expected to have the following number of ordinary shares outstanding.

The Special Exertion Payments are conditional on Mad Paws shareholders approving the Scheme and the Scheme becoming effective. The Special Exertion Payments total \$259,740.
- 2.8 In addition, Mad Paws proposes to pay one-off transaction bonuses of \$100,000 in aggregate (excluding superannuation) to two Mad Paws employees in recognition of additional services provided in connection with the Scheme above their general responsibilities ("**Transaction Payments**"). 3 Scope

Purpose of the Report

- 3.1 Part 3 of Schedule (s640) of the Corporations Regulations 2001 prescribes information to be sent to shareholders and creditors in relation to members' and creditors' scheme of arrangement pursuant to Section 411 of the Corporations Act.
- 3.2 Part 3 of Schedule 8 (s640) of the Corporations Regulations requires an IER in relation to a scheme to be prepared when a party to that scheme has a shareholding greater than 30% in the company subject to the scheme, or where any of its directors are also directors of the company subject to the scheme. In those circumstances, the IER must state whether a scheme is in the best interest of shareholders and state reasons for that opinion.
- 3.3 As noted in ASIC's RG111, even when not legally required, companies that implement a Scheme of Arrangement often commission an IER when transactions are complex or effect a takeover. We note that it is a condition precedent to the Scheme that an IER concluding that the Scheme is in the best interest of Mad Paws shareholders.
- 3.4 Accordingly, while there is no legal requirement to include an IER, Mad Paws has commissioned Stantons to prepare an IER to be appended to the Scheme Booklet to be lodged with ASIC.

Basis of Evaluation

- 3.5 In determining the fairness and reasonableness of the Transaction, we have had regard to the guidelines set out by ASIC's RG111 and RG 112.
- 3.6 RG 111.18 specifies that when a scheme of arrangement is used as alternative to a Chapter 6 takeover bid, the form of analysis should be substantially the same, however, the opinion should be worded as if the scheme is "in the best interest of the members of the company".
- 3.7 If an expert would conclude that a proposal was "fair and reasonable" if it was in the form of a takeover bid, it will also be able to conclude that the scheme is in the best interest of the members of the company.
- 3.8 RG111 requires a separate assessment of whether a transaction is "fair" and whether it is "reasonable".
- 3.9 We therefore considered the concepts of "fairness" and "reasonableness" separately. The basis of assessment selected and the reasons for that basis are discussed below.
- 3.10 We note that under RG111 the Scheme is considered to be a control transaction and accordingly, a comparison must be made assuming 100% ownership of the target company.

Fairness

- 3.11 To assess whether the Scheme is fair in accordance with RG111, we compared:
- the fair market value of an ordinary share in Mad Paws on a control basis; with
 - the value of the consideration offered.
- 3.12 The value of a Mad Paws ordinary share is assessed at fair market value, which is defined by the International Glossary of Business Valuation Terms as:
- "The price, expressed in terms of cash equivalents, at which property would change hands between a hypothetical willing and able buyer and a hypothetical willing and able seller, acting at arm's length in an open and unrestricted market, when neither is under compulsion to buy or sell and when both have reasonable knowledge of the relevant facts."*
- 3.13 While RG111 contains no explicit definition of value, we believe the above definition of fair market value is consistent with RG111.11 and common market practice.

Reasonableness

- 3.14 In accordance with RG111.12, we have defined the Scheme as being reasonable if it is fair, or if despite not being fair we believe that there are sufficient reasons for shareholders to accept the proposal.
- 3.15 We therefore considered whether the advantages to shareholders of approving the Scheme outweigh the disadvantages.

Individual Circumstances

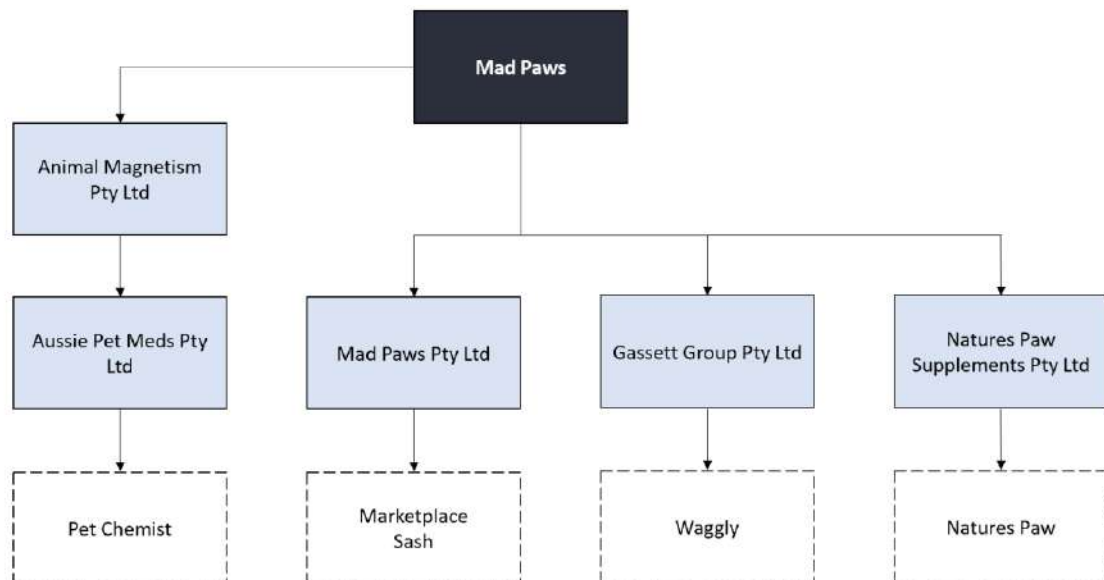

- 3.16 We have evaluated the Scheme for shareholders generically. We have not considered the effect on the circumstances of individual investors. Due to their personal circumstances, individual investors may place different emphasis on various aspects of the Scheme from those adopted in this report. Accordingly, individuals may reach a different conclusion to ours on whether the Scheme is in the best interest of members of the Company. If in doubt, investors should consult an independent financial adviser about the impact of the Scheme on their specific financial circumstances.

- 4.13 Employment costs have been falling due to reductions in the required product and engineering staff of the marketplace technology platform as the platform reached a level of maturity. We have been advised that the FY25 figures are considered to be a sustainable level for the Marketplace Business going forward.
- 4.14 We note the SWM marketing expense as described at paragraph 4.5. This is not considered to be an ongoing expense of operating the business.
- 4.15 We have been advised that the FY25 performance of the Marketplace Business represents the ordinary course of business activities.

Marketplace Business Net Assets

- 4.16 The net asset position of the Marketplace Business, including Mad Paws Pty Ltd, the assets and liabilities held in the parent entity Mad Paws, and Gassett Group Pty Ltd as at 30 June 2025 are set out below. This is considered to represent the pro forma position of the operating Marketplace Business after completion of the Pet Chemist Divestment. We note that Mad Paws Pty Ltd holds certain assets and liabilities associated with the Sash business, including inventory that will be recovered under a stock clearance sale, trade payables that will be settled as part of the normal course of business and lease liabilities, for which a termination has been agreed with the landlord. This pro forma position assumes that the value of the assets to be recovered and liabilities to be settled under the Sash and Waggly Closures are represented by their book values.

5 Valuation Methodology

Available Methodologies

- 5.1 In assessing the value of Mad Paws, we have considered a range of common market practice valuation methodologies in accordance with RG111, including those listed below.
- Capitalisation of future maintainable earnings ("**FME**")
 - Discounted future cash flows ("**DCF**")
 - Asset based methods ("**Net Assets**")
 - Quoted market prices or analysis of traded share prices
 - Common industry rule-based methodologies, including revenue-based multiples
- 5.2 Each of these methods is appropriate in certain circumstances and often more than one approach is applied. The choice of methods depends on several factors such as the nature of the business being valued, the return on the assets employed in the business, the valuation methodologies usually applied to value such businesses and the availability of required information. A detailed description of these methods and when they are appropriate is provided in Appendix B.

Selected Methodology

Primary Methodology

- 5.3 Our primary valuation methodology to value the ordinary shares of Mad Paws is an FME based approach using a revenue multiple.
- 5.4 In selecting an appropriate valuation methodology to value the shares of Mad Paws, we considered the following factors:
- Mad Paws' Marketplace Business is revenue generating and relatively high growth with substantial operational leverage. Accordingly, we considered an FME based approach. We selected an FME based on a revenue multiple as the most appropriate metric for Mad Paws Marketplace Business and comparable company multiples were most meaningful on this basis.
 - Sufficiently reliable cash flow forecasts are not available for Mad Paws and therefore a DCF valuation methodology is not considered appropriate.
 - Trading in shares represents a fairly low level of liquidity. Therefore, we have considered traded prices as a secondary cross-check methodology only.
 - Mad Paws holds most of its value through intangible assets which have highly subjective valuations. Accordingly, a Net Assets approach is not considered to be appropriate.

Calculation of shareholders' equity value

- 5.5 EV represents the total value of the net operating assets of a business (both tangible and intangible assets that may not be recognised in financial accounts) used to derive the business' earnings, before any consideration of financing items, i.e. a "cash-free, debt-free" basis.
- 5.6 Equity value represents the total value attributable to the equity owners after financing (i.e. cash, financial debt and debt-like items) items are considered.
- 5.7 Our valuation used multiples of EV/revenue to calculate the EV of the Marketplace Business. From the EV, we calculated the equity value by subtracting net debt (including debt like items). An FME valuation of EV assumes an inherent level of assets within the business that is capable of generating the predicted earnings, including net working capital. However, the level of net working capital in a business moves over time as part of a business' operational cycle. Therefore, a benchmark of net working capital needs to be assessed, and a point in time valuation needs to consider the level of net working capital at that time compared to the benchmark, with any surplus

or deficiency resulting in an adjustment to the equity valuation. We have also adjusted for surplus items related to the E-Commerce Businesses based on the expected net proceeds of the Pet Chemist Divestment and wind-up costs related to the Sash and Waggly Closures.

6 Valuation of Mad Paws

Primary Valuation – Revenue Multiple

Sustainable Level of Earnings

- 6.1 We estimated the sustainable level of annual revenue for the Marketplace business, based on historical annual revenue for the 12-month period to 30 June 2025, to be \$8,900,964 (refer to Table 9).

Comparable Trading Multiples

- 6.2 Set out below are the EV to revenue and EV to EBITDA multiples as at 22 August 2025 for a group of Australian listed companies that operate marketplace related businesses. We note that we did not identify any other ASX listed companies operating purely as pet care services businesses, and accordingly considered a broader set of ASX listed marketplace businesses. We considered the "last 12 months" period ("LTM"). We note we have analysed historical results for Mad Paws as reliable forecasts were unavailable, and multiples should be assessed on a like for like basis (i.e., same periods). Based on these figures, we consider that the EV/EBITDA multiples have too much variability and do not provide a meaningful result. Accordingly, we selected the EV/revenue multiple for our valuation metric.

Table 15. Comparable Company Revenue and EBITDA Multiples

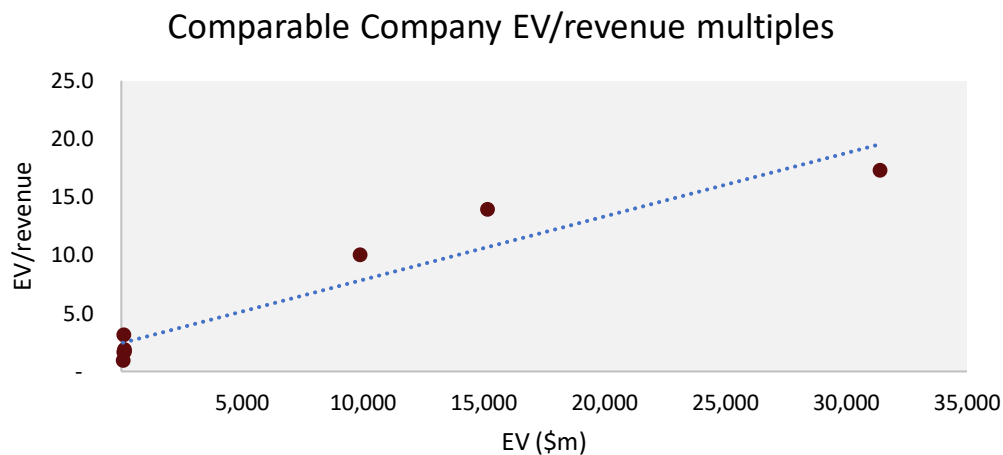

| Company Name | Total EV (\$m) | Total Revenue (\$m) | LTM EV/revenue (x) | LTM EBITDA (\$) | LTM EV/EBITDA (x) |

- 6.3 Academic research⁶ suggests both a size premium (as supported by Figure 3 below) and liquidity premium exist in the valuation of firms. Smaller firms tend to be ascribed lower earnings multiples which is explained by larger firms being perceived to have lower levels of risk due to factors such as economies of scale, market power, customer and end-market diversification and corporate governance advantages. Investors are also willing to pay a premium for the benefit of having liquidity in their investment, and therefore larger listed companies tend to trade at significantly larger multiples than small, unlisted businesses.
- 6.4 Set out below is the EV/revenue multiple against the EV for the set of comparable companies in Table 15 (excluding very large companies in Figure 4). This supports the existence of a size premium in the selected comparable company set.

Comparable Transaction Multiples

- 6.5 We also assessed the implied EV/revenue and EV/EBITDA multiples of comparable transactions. We note that the most comparable recent transaction was the acquisition of Rover by Blackstone Inc., announced on 29 November 2023 and completed on 27 February 2024, in which Blackstone Inc. paid US\$11 per Rover share in cash. Details of the Rover transaction are set out below, based on the implied EV on completion and the historical revenue and EBITDA for the 12 months to 30 September 2023.

| Blackstone Inc. | Rover | 27 Feb 24 | 2,177 | 10.0 | 55.4 |

Trading Multiple Selected

- 6.6 We note that the key determinants of an appropriate multiple are the risk and growth expectations of the company. The size of the company can be considered a measure of risk, and hence larger companies attract a higher multiple due to having lower risk. Higher growth companies should attract a higher multiple. We placed more weight on the trading multiples of comparable companies that operate highly localised, personal services based marketplaces with historical annual revenues of less than \$100 million, in particular Airtasker Limited and hiPages Group Holdings Limited. We consider that companies with these attributes are the most comparable to Mad Paws. We consider the largest companies in our identified comparables set, which have revenues of above \$1 billion, as being less comparable to Mad Paws as they are much more established, mature businesses with significantly lower risk profiles.
- 6.7 Based on the above analysis we consider appropriate historical revenue multiples to apply to Mad Paws on a minority interest basis are as follows.

Table 17. Selected Revenue Multiples

| | Low | Preferred | High |
|------------------------------|------|-----------|------|
| Assessed EV/revenue multiple | 2.0x | 2.5x | 3.0x |

Net Debt

- 6.8 We assessed the net debt position of Mad Paws based on management accounts provided by the Company, as set out in Table 10, noting the following:
- The PFG loan of \$1,471,640 (as at 30 June 2025) was repaid by Mad Paws on 29 August 2025 from the proceeds of the Pet Chemist Sale.
 - We did not treat the accounting recognition of lease liabilities as financial debt.

Working Capital

- 6.9 An FME valuation of EV assumes an inherent level of assets within the business that are capable of generating the predicted earnings, including net working capital. However, the level of net working capital in a business moves over time as part of the usual business operation cycle. Therefore, a benchmark of net working capital needs to be assessed, and a point in time valuation needs to consider the level of net working capital required to generate the FME earnings, with any surplus or deficiency resulting in an adjustment to the valuation.
- 6.10 A 12-month historical average is a common metric for setting a net working capital benchmark however setting the benchmark is a subjective exercise and no single rule applies. In a high growth business, a historical average is less useful as a guide due to the growing size of the business. The key consideration is what is the "normal" level of working capital which is consistent with generating the level of earnings which the FME valuation is predicated on.
- 6.11 For the Marketplace Business, we considered the following items to comprise net working capital:
- Prepayments and other receivables (adjusted to remove repayments related to the SWM agreement)
 - Accounts payable

- Accrued expenses
- Other payables
- GST
- Superannuation and other employee payables
- Sitter liabilities, which represents amounts owing to dog sitters, which does not incur a financing cost and is a feature of the Mad Paws Marketplace business model.

6.12 Set out below is the historical monthly net working capital position of the company for the period from 30 June 2023 to 30 June 2025.

Figure 5. Historical Monthly Net Working Capital

Source: Mad Paws management accounts, Stantons analysis

- 6.13 We note that Mad Paws has regularly traded with negative working capital and has an average net working capital over the period of negative \$4,737,917 and for the past 12 months was negative \$5,207,069.
- 6.14 The net working capital of Mad Paws as at 30 June 2025 was negative \$6,422,327. Based on the average of the most recent 12 months as an estimate of the approximate net working capital for the business going forward, we have applied an adjustment of \$1,215,258 to the net working capital.

Control Premium

- 6.15 We note the quoted market price valuation assumes a minority interest in the Company. Accordingly, we applied a control premium to the market-based value.
- 6.16 Generally, historical evidence of control premiums offered on takeovers for small cap companies are in the range of 20% to 40%⁷ (although outcomes outside this are not uncommon) with 30% a commonly accepted benchmark where a 100% interest is being acquired. We have considered the factors in Appendix C and concluded that a control premium of 30% is appropriate to apply in this circumstance.

Revenue Multiple Valuation

- 6.17 Our FME valuation of Mad Paws, using an historical revenue multiple, is set out below. We note that our valuation of Mad Paws is on the basis that the Pet Chemist Divestment has occurred (as announced on 29 August 2025), and Sash and Waggly Closures will occur, which will result in the Marketplace business being the only operating business in the group going forward if the Scheme does not proceed. We have therefore calculated the value of Mad Paws by valuing the Marketplace

⁷ "Control Premium Study 2021", RSM

Business, and including adjustments for the estimated net proceeds of the Pet Chemist Divestment and wind-down costs for the Sash and Waggly businesses.

6.18 In relation to our approach, we note the following:

- The valuation is based on our estimated sustainable level of revenue as discussed in section 6.1.
- EV is adjusted for net debt and debt-like items of \$702,386 (as set out in Table 18) to arrive at an equity value. We note that the PFG loan of approximately \$1,471,640 was repaid on 29 August 2025 from the proceeds of the Pet Chemist Divestment.
- We have made an adjustment of \$1,215,258 for the net working capital position.
- The Company has received a completion payment approximately \$12,526,098 for the sale of the Pet Chemist business, which is subject to certain net debt, working capital and other purchase price adjustments.
- Estimated wind-up costs for the Sash and Waggly businesses are \$258,244.
- As the Special Exertion Payments and Transaction Payments are conditional on the Scheme being implemented, we have not included these payments in the Mad Paws share valuation.
- We have assumed that all vested, in-the-money options will be exercised into ordinary shares. For the valuation purpose, we have excluded all out-of-the money options.

Secondary Cross-Check Methodology – Market Prices

- 6.19 As a secondary cross-check methodology, we considered the quoted market prices of Mad Paws shares on ASX. We selected the 30-day volume weighted price of Mad Paws shares as our preferred value, with the low and high values based on the low and high traded prices over the past 30 days.

- 6.20 Generally, the market is a fair indicator of what a share is worth, however for a quoted market price to be a reliable indicator of a company's value, the company's share must trade in a "liquid and active" market. We consider that a liquid and active market would typically be characterised by:
- regular trading in the company's securities;
 - trading of at least 1% of a company's securities on a weekly basis;
 - the spread of a company's shares must not be so great that a single minority trade can significantly affect the market capitalisation of the company; and
 - no significant but unexplained movements in the share price.
- 6.21 Mad Paws' shares have historically demonstrated trading volumes below 1% per week, with 16.97% of the outstanding shares being traded in the twelve-month period to 21 July 2025 (refer to Table 13).
- 6.22 Due to the relatively low levels of liquidity of trading in Mad Paws shares, we have considered the market-based methodology as a secondary cross-check methodology only.

Control Premium

- 6.23 We note the quoted market price valuation assumes a minority interest in the Company. Accordingly, we applied a control premium to the market-based value. Accordingly, we applied a control premium of 30% to our valuation, based on the analysis at paragraph 6.16.

Valuation Summary

- 6.24 Based on the above analysis, our valuation of a Mad Paws share on a control basis is as follows.

- 6.25 Our adopted control interest value of a Mad Paws share is between \$0.0833 and \$0.1097, with a preferred value of \$0.0965.

7 Fairness Evaluation

7.1 In determining the fairness and reasonableness of the Scheme, we have had regard to the guidelines set out by ASIC's RG111.

7.2 As required by RG111, we consider the Scheme is fair if:

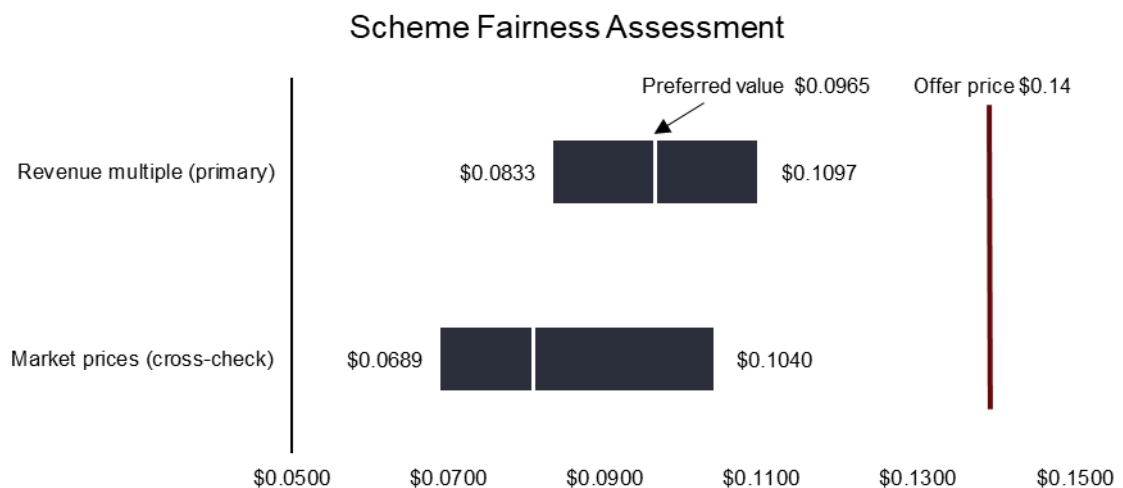

- the value of a Mad Paws ordinary share, on a control basis, is less than;
- the value of the consideration offered under the Scheme.

7.3 Our assessment of the fairness of the Scheme is set out below.

Table 22. Fairness Assessment

7.4 As the value of a Mad Paws ordinary share on a control basis is less than the consideration offered, the Scheme is considered to be **FAIR** to the shareholders of Mad Paws.

8 Reasonableness Evaluation

- 8.1 Under RG111, a transaction is considered “reasonable” if it is “fair”, or if despite not being “fair” there are sufficient reasons to accept the proposal. As the Scheme is considered **FAIR**, it is also considered **REASONABLE**.
- 8.2 We have provided the following analysis of the advantages and disadvantages of the Scheme for informative purposes.

Advantages

The Transaction is fair

- 8.3 As detailed in Section 7, the Transaction is fair to members of the Company and accordingly, shareholders are receiving an adequate premium for control from Rover.

The Company's share price may fall if the Scheme doesn't proceed

- 8.4 The Company's share price has increased significantly since the announcement of the Scheme, as shown below.

Figure 6. Mad Paws Trading History to 16 September 2025

Source: S&P Capital IQ

- 8.5 If the Scheme does not go ahead, the Company's share price may revert to the pre-Scheme announcement price.

Certainty of cash consideration

- 8.6 Mad Paws shareholders will receive a certain amount of cash if the Scheme is implemented and will no longer face the risks associated with owning shares in the business.

No brokerage costs

- 8.7 Mad Paws shareholders can realise their investment in the Company without incurring brokerage costs.

Disadvantages*No longer benefit from the upside of the marketplace business*

- 8.8 If the Scheme is implemented, Mad Paws shareholders will not be exposed to the potential future growth opportunities of the business and may risk missing out on future potential upside.

Tax implications

- 8.9 Mad Paws shareholders may crystallise a capital gains tax if the Scheme is implemented. We note that the taxation consequences will vary for each individual investor and shareholders.

9 Conclusion

Opinions

- 9.1 The Scheme, including the proposal outlined in Scheme Booklet is considered **FAIR** but **REASONABLE**, and therefore **IN THE BEST INTEREST OF MEMBERS** of Mad Paws, in the absence of a superior proposal, as at the date of this report.

Shareholders Decision

- 9.2 Stantons was engaged to prepare an IER setting out whether in its opinion the proposal to allow the Scheme is in the best interest of members of the Company, in the absence of a superior proposal, and to state reasons for that opinion. Stantons have not been engaged to provide a recommendation to shareholders as to whether to approve the Scheme.
- 9.3 The decision whether to approve Scheme is a matter for individual shareholders based on each shareholder's views as to the value, their expectations about future market conditions and their particular circumstances, including risk profile, liquidity preference, investment strategy, portfolio structure, and tax position. If in any doubt as to the action they should take in relation to the proposed Scheme, shareholders should consult their own professional advisor.
- 9.4 Similarly, it is a matter for individual shareholders as to whether to buy, hold or sell shares in Mad Paws. This is an investment decision upon which Stantons does not offer an opinion and is independent on whether to accept the proposed Scheme. Shareholders should consult their own professional advisor in this regard.
- 9.5 Shareholders should note that we have not considered the tax circumstances of individual shareholders. Shareholders should consult their tax advisor in this regard.

Source Information

- 9.6 In making our assessment as to whether the proposed Scheme, is in the best interest of the Company's members, we have reviewed published available information and other unpublished information of the Company that is relevant to the current circumstances. Statements and opinions contained in this report are given in good faith, but in the preparation of this report, we have relied in part on information provided by the Company.

APPENDIX B

VALUATION METHODOLOGIES

Introduction

In preparing this report we have considered several valuation approaches and methods. These approaches and methods are consistent with:

- Market practice
- The methods recommended by the Australian Securities and Investments Commission in Regulatory Guide 111
- The International Valuation Standards
- The International Glossary of Business Valuation Terms

A valuation approach is a general way of determining an estimate of value of a business, business ownership interest, security or intangible asset. Within each valuation approach there are a number of specific valuation methods, which are specific ways to determine an estimate of value.

There are three general valuation approaches as follows:

i) **Income Approaches**

Provides an indication of value by converting future cash flows to a single present value. Examples of an income approach are:

- The discounted cash flow method ("**DCF**")
- The capitalisation of future maintainable earnings method ("**FME**")

ii) **Asset/Cost Approaches**

Provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or construction.

iii) **Market Approaches**

Provides an indication of value by comparing the subject asset with identical or similar assets for which price information is available. The main examples of the market approach are:

- Analysis of recent trading
- Industry rules of thumb

1. **Discounted Cash Flow Method**

Of the various methods noted above, the DCF method has the strongest theoretical basis. The DCF method estimates the value of a business by discounting expected future cash flows to a present value using an appropriate discount rate. A DCF valuation requires:

- A forecast of expected future cash flows
- An appropriate discount rate
- An estimate of terminal value

It is necessary to project cash flows over a suitable period (generally regarded as being at least five years) to arrive at the net cash flow in each period. For a finite life project or asset this would need to be done for the life of the project. This can be a difficult exercise requiring a significant number of assumptions such as revenue and cost drivers, capital expenditure requirements, working capital movements and taxation.

The discount rate used represents the risk of achieving the projected future cash flows and the time value of money. The projected future cash flows are then valued in current day terms using the discount rate selected.

A terminal value reflects the value of cash flows that will arise beyond the explicit forecast period. This is commonly estimated using either a constant growth assumption or a multiple of earnings (as described under FME below). This terminal value is then discounted to current day terms and added to the net present value of the forecast cash flows to provide an estimate for the overall value of the business.

The DCF method is often sensitive to a number of key assumptions such as revenue growth, future margins, capital investment, terminal growth and the discount rate. All these assumptions can be highly subjective, sometimes leading to a valuation conclusion presented that is too wide to be useful.

A DCF approach is usually preferred when valuing:

- Early-stage companies or projects
- Limited life assets such as a mine or toll concession
- Companies where significant growth is expected in future cash flows
- Projects with volatile earnings

It may also be preferred if other methods are not suitable, for example if there is a lack of reliable evidence to support an FME approach. However, it may not be appropriate if:

- Reliable forecasts of cash flow are not available and cannot be determined
- There is an inadequate return on investment, in which case a higher value may be realised by liquidating the assets than through continuing the business

A DCF approach is not recommended when assets are expected to earn below the cost of capital. Also, when valuing a minority interest in a company, care needs to be taken if a DCF based on earnings for the whole business is prepared, as the holder of a minority interest would not have access to, or control of, those cash flows.

2. Capitalisation of Future Maintainable Earnings Method

The FME method is a commonly used valuation methodology that involves determining a future maintainable earnings figure for a business and multiplying that figure by an appropriate capitalisation multiple. This methodology is generally considered a short form of a DCF, where a single representative earnings figure is capitalised, rather than a stream of individual cash flows being discounted. The FME methodology involves the determination of:

- A level of future maintainable earnings
- An appropriate capitalisation rate or multiple

Any of the following measures of earnings can be used:

Revenue – mostly used for early stage, fast growing companies that do not make a positive EBITDA or as a cross-check of a valuation conclusion derived using another method.

EBITDA – most appropriate where depreciation distorts earnings, for example in a company that has a significant level of depreciating assets but little ongoing capital expenditure requirement.

EBITA – in most cases EBITA will be more reliable than EBITDA as it takes account of the capital intensity of the business

EBIT – whilst commonly used in practice, multiples of EBITA are usually more reliable as they remove the impact of amortisation which is a non-cash accounting entry that does not reflect a need for future capital investment (unlike depreciation)

NPAT – relevant in valuing businesses where interest is a major part of the overall earnings of the group (e.g., financial services businesses such as banks).

Multiples of EBITDA, EBITA and EBIT are commonly used to value whole businesses for acquisition purposes where gearing is in the control of the acquirer. In contrast, NPAT (or P/E) multiples are often used for valuing minority interests in a company as the investor has no control over the level of debt.

A normalised level of maintainable earnings needs to be determined for the selected earnings measure. This excludes the impact of any gains or losses that are not expected to reoccur and allows for the full year impact of any changes (such as acquisitions or disposals) made part way through a given financial year.

The selected multiple to apply to maintainable earnings reflects expectations about future growth, risk and the time value of money captured in a single number. Multiples can be derived from three main sources.

- Using the comparable trading multiples, market multiples are derived from the trading prices of stocks of companies that are engaged in the same or similar lines of business that are actively traded on a free and open market, such as the ASX
- The comparable transactions method is a method whereby multiples are derived from transactions of significant interests in companies engaged in the same or similar lines of business.
- It is also possible to build a multiple from first principles based on an appropriate discount rate and growth expectations.

It is important to use the same earnings periods (historical, current or forecast) for calculating comparable multiples, as the period used for determining FME. For example, a multiple based on historical earnings of comparable companies should be applied to historical earnings of the subject of the valuation and not to forecast earnings.

The capitalisation of earnings method is widely used in practice. It is particularly appropriate for valuing companies with a relatively stable historical earnings pattern which is expected to continue. The method is less appropriate for valuing companies or assets if:

- There are no (or very few) suitable alternative listed companies or transaction benchmarks for comparison
- The asset has a limited life
- Future earnings or cash flows are expected to be volatile
- There are negative earnings, or the earnings of a business are insufficient to justify a value exceeding the underlying net assets
- Working capital requirements are not expected to remain stable

3. Asset or Cost Approaches

The asset approach to value assumes that the current value of all assets (tangible and intangible) less the current value of the liabilities should equate to the current value of the entity. Specifically, an asset approach is defined as a general way of determining a value indication of a business, business ownership interest, or security using one or more methods based on the value of the assets net of liabilities. A cost approach is defined as a general way of determining a value indication of an individual asset by quantifying the amount of money required to replace the future service capability of that asset.

The asset-based valuation methods estimate the value of a company based on the realisable value of its net assets, less its liabilities. There are a number of asset-based methods including:

- Orderly realisation
- Forced liquidation
- Net assets on a going concern

The orderly realisation of assets method estimates fair market value by determining the amounts that would be distributed to shareholders, after payments of all liabilities including realisation costs and taxation charges that arise, assuming the company is wound up in an orderly manner. The forced liquidation method is similar to the orderly realisation of assets except the liquidation method assumes the assets are sold in a shorter time frame. Since wind up or liquidation of the company may not be contemplated, these methods in their strictest form may not necessarily be appropriate. The net assets on a going concern basis method estimates the fair market values of the net assets of a company but does not take account of realisation costs.

The asset/cost approach is generally used when the value of the business' assets exceeds the present value of the cash flows expected to be derived from the ongoing business operations, or the nature of the business is to hold or invest in assets. It is important to note that the asset approach may still be the relevant approach even if an asset is making a profit. If an asset is making less than the economic rate of return and there is no realistic prospect of it making an economic return in the foreseeable future, an asset/cost approach will be the most appropriate method.

An asset-based approach is a suitable method of valuation when:

- An enterprise is loss making and not expected to become profitable in the foreseeable future
- Assets are employed profitably but earn less than the cost of capital
- A significant portion of the company's assets are composed of liquid assets or other investments (such as marketable securities and real estate investments)
- It is relatively easy to enter the industry (e.g., small machine shops and retail establishments)

Asset based methods are not appropriate if:

- The ownership interest being valued is not a controlling interest, has no ability to cause the sale of the company's assets and the major holders are not planning to sell the company's assets
- A business has (or is expected to have) an adequate return on capital, such that the value of its future income stream exceeds the value of its assets

An asset-based approach is often considered as a floor value for a business assuming the business has the option to realise all its assets and liabilities.

4. Analysis of Recent Trading

The most recent share trading history provides evidence of the fair market value of the shares in a company where they are publicly traded in an informed and liquid market. There should also be some similarity between the size of the parcel of shares being valued and those being traded. Where a company's shares are publicly traded then an analysis of recent trading prices should be considered, at least as a cross-check to other valuation methods.

5. Industry Specific Rule of Thumb

Industry specific rules of thumb are used in certain industries. These methods typically involve a multiple of an operating figure such as traffic for internet businesses or number of beds for a nursing home. These methods are typically fairly crude and therefore only appropriate as a cross-check to a valuation determined by an alternative method.

Selecting an Appropriate Valuation Approach and Method

The choice of an appropriate valuation approach and methodology is subjective and depends on several factors such as whether a methodology is prescribed, the company's historical and projected financial performance, stage of maturity, the nature of the company's operations and availability of information. The selection of an appropriate valuation method should be guided by the actual practices adopted by potential acquirers of the company involved and the information available.

APPENDIX C

CONTROL PREMIUM

Background

The difference between a control value and a minority value is described as a control premium. The opposite of a control premium is a minority discount (also known as a discount for lack of control). A control premium is said to exist because the holder of a controlling stake has several rights that a minority holder does not enjoy (subject to shareholders agreements and other legal constraints), including to:

- Appoint or change operational management
- Appoint or change members of the board
- Determine management compensation
- Determine owner's remuneration, including remuneration to related party employees
- Determine the size and timing of dividends
- Control the dissemination of information about the company
- Set the strategic focus of the organisation, including acquisitions, divestments, and restructuring
- Set the financial structure of the company (debt / equity mix)
- Block any or all the above actions

The most common approach to quantifying a control premium is to analyse the size of premiums implied from prices paid in corporate takeovers. Another method is the comparison between prices of voting and non-voting shares in the same company. We note that the size of the control premium should generally be an outcome of a valuation and not an input into one, as there is significant judgement involved.

Based on historical takeover premia that have been paid in Australian acquisitions in the period 2005-2015, the majority of takeovers have included a premium in the range of 20-50%, with 30% being the most commonly occurring. This is in line with standard industry practice, which tends to use a 30% premium for control as a standard.

Intermediate Levels of Ownership

There are several intermediate levels of ownership between a portfolio interest and 100% ownership. Different levels of ownership/strategic stakes will confer different degrees of control and rights as shown below.

- 90% - can compulsorily purchase remaining shares if certain conditions are satisfied
- 75% - power to pass special resolutions
- <50% - gives control depending on the structure of other interests (but not absolute control)
- <25% - ability to block a special resolution
- <20% - power to elect directors, generally gives significant influence, depending on other shareholding blocks
- < 20% generally has only limited influence

Conceptually, the value of each of these interests lies somewhere between the portfolio value (liquid minority value) and the value of a 100% interest (control value). Each of these levels confers different degrees of control and therefore different levels of control premium or minority discount.

3 Conditions

3.1 Conditions precedent

This Scheme is conditional on and will have no force or effect until, the satisfaction of each of the following conditions precedent:

- (a) all the conditions in clause 3.1 of the Implementation Deed (other than the condition in clause 3.1(d) in the Implementation Deed relating to Court approval of this Scheme) having been satisfied or waived in accordance with the terms of the Implementation Deed by the time that each of those conditions provides that they are to be satisfied in the Implementation Deed;

- (a) the Effective Date does not occur on or before the End Date; or
- (b) the Implementation Deed or the Deed Poll is terminated in accordance with its terms before the Scheme becomes Effective,

unless Mad Paws and Rover otherwise agree in writing.

4 Implementation of this Scheme

4.1 Lodgement of Court orders with ASIC

If the conditions precedent set out in clause 3.1 of this Scheme (other than the condition precedent in clause 3.1(e)) are satisfied, Mad Paws must lodge with ASIC, in accordance with subsection 411(10) of the Corporations Act, an office copy of the Court order approving this Scheme as soon as possible after the Court approves this Scheme and in any event by 5.00pm on the first Business Day after the day on which the Court approves this Scheme (or such later date as agreed in writing between Mad Paws and Rover).

4.2 Transfer of Scheme Shares

On the Implementation Date:

- (a) subject to the provision of the Scheme Consideration in the manner contemplated by clause 5.1(c) and 5.1(d), the Scheme Shares, together with all rights and entitlements attaching to the Scheme Shares as at the Implementation Date, must be transferred to Rover, without the need for any further act by any Scheme Shareholder (other than acts performed by Mad Paws as attorney and agent for Scheme Shareholders under clause 8.5), by:
 - (1) Mad Paws delivering to Rover a duly completed Scheme Transfer to transfer all of the Scheme Shares to Rover, executed on behalf of the Scheme Shareholders by Mad Paws as attorney and agent, for registration; and
 - (2) Rover duly executing the Scheme Transfer, attending to the stamping of the Scheme Transfer (if required) and delivering it to Mad Paws for registration; and
- (b) immediately following receipt of the Scheme Transfer in accordance with clause 4.2(a)(2), but subject to the stamping of the Scheme Transfer (if required), Mad Paws must enter, or procure the entry of, the name of Rover in the Share Register in respect of all the Scheme Shares transferred to Rover in accordance with this Scheme.

5 Scheme Consideration

5.1 Provision of Scheme Consideration

- (a) Rover must, and Mad Paws must, to the extent it is within its power to do so, use its best endeavours to procure that Rover does, by no later than the Business Day before the Implementation Date, deposit, or procure the deposit, in cleared funds an amount equal to the aggregate amount of the Scheme Consideration payable to all Scheme Shareholders (less the Withholding Amount as defined in clause (b)), into the Trust Account (provided that any interest on the amounts deposited (less bank fees and other charges) will be credited to Rover's account).
- (b) If Rover is required by any Tax Law in any jurisdiction (including without limitation any withholding tax obligation under Subdivision 14-D of Schedule 1 of the *Taxation Administration Act 1953* (Cth)) to withhold and pay any amount to any Tax Authority in respect of the acquisition of any Scheme Shares (the **Withholding Amount**), Rover is permitted to deduct the Withholding Amount from the Scheme Consideration otherwise payable to those relevant Scheme Shareholders holding such Scheme Shares and remit such amounts to the Tax Authority within the time required under the relevant Tax Law. The aggregate sum payable shall not be increased to reflect the deduction of the Withholding Amount and the net amount payable to those Scheme Shareholders to whom the Withholding Amount relates shall be taken to be in full and final satisfaction of the amounts owing to those Scheme Shareholders. Rover must pay any Withholding Amount in the time required by the relevant Tax Law and, if requested in writing by the relevant Scheme Shareholder, provide a receipt or other appropriate evidence of such payment (or procure the provision of such receipt of other evidence) to the relevant Scheme Shareholder.
- (c) Subject to clause 5.1(e), on the Implementation Date, subject to funds having been deposited in accordance with clause 5.1(a), Mad Paws must pay or procure the payment of the Scheme Consideration to each Scheme Shareholder from the Trust Account.
- (d) The obligations of Mad Paws under clause 5.1(c) will be satisfied by Mad Paws (in its absolute discretion, and despite any election referred to in clause 5.1(d)(1) or authority referred to in clause 5.1(d)(2) made or given by the Scheme Shareholder):
 - (1) if a Scheme Shareholder has, before the Scheme Record Date, made a valid election in accordance with the requirements of the Mad Paws Registry to receive dividend payments from Mad Paws by electronic funds transfer to a bank account nominated by the Scheme Shareholder, paying, or procuring the payment of, the relevant amount in Australian currency by electronic means in accordance with that election;
 - (2) paying, or procuring the payment of, the relevant amount in Australian currency by electronic means to a bank account nominated by the Scheme Shareholder by an appropriate authority from the Scheme Shareholder to Mad Paws; or
 - (3) dispatching, or procuring the dispatch of, a cheque for the relevant amount in Australian currency to the Scheme Shareholder by prepaid post to their Registered Address (as at the Scheme Record Date), such cheque being drawn in the name of the Scheme Shareholder (or in the case of joint holders, in accordance with the procedures set out in clause 5.2).
- (e) The Scheme Consideration payable to each Scheme Shareholder with a Registered Address in New Zealand will be paid to a bank account nominated

by that Scheme Shareholder in the manner contemplated by clause 5.1(d)(1) or clause 5.1(d)(2) or other appropriate authority provided by the relevant Scheme Shareholder to Mad Paws. If a Scheme Shareholder with a Registered Address in New Zealand has not nominated a bank account for receipt of payments, Mad Paws may hold payment of the Scheme Consideration owed to that Scheme Shareholder until a valid bank account has been nominated by an appropriate authority from the Scheme Shareholder to Mad Paws.

- (f) To the extent that, following satisfaction of Mad Paws' obligations under clauses 5.1(c) and 5.1(e), there is a surplus in the amount held by Mad Paws as trustee for the Scheme Shareholders in the Trust Account referred to in that clause, that surplus may be paid by Mad Paws to Rover.

5.2 Joint holders

In the case of Scheme Shares held in joint names:

- (a) subject to clause 5.1(d), the Scheme Consideration is payable to the joint holders and any cheque required to be sent under this Scheme will be made payable to the joint holders and sent to either, at the sole discretion of Mad Paws, the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders (unless the joint holders have nominated a bank account under clause 5.1(d)(1) or 5.1(d)(2), in which case the amount must be deposited directly to the nominated bank account of the joint holders); and
- (b) any other document required to be sent under this Scheme, will be forwarded to either, at the sole discretion of Mad Paws, the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders.

5.3 Fractional entitlements and splitting

Where the calculation of the Scheme Consideration to be issued to a particular Scheme Shareholder would result in the Scheme Shareholder becoming entitled to a fraction of a cent, the fractional entitlement will be rounded down to the nearest whole cent.

5.4 Unclaimed monies

- (a) Mad Paws may cancel a cheque issued under this clause 5 if the cheque:
- (1) is returned to Mad Paws; or
 - (2) has not been presented for payment within six months after the date on which the cheque was sent.
- (b) During the period of 12 months commencing on the Implementation Date, on request in writing from a Scheme Shareholder to Mad Paws (or the Mad Paws Registry) (which request may not be made until the date which is 20 Business Days after the Implementation Date), Mad Paws must reissue a cheque that was previously cancelled under this clause 5.4.
- (c) The *Unclaimed Money Act 1995* (NSW) will apply in relation to any Scheme Consideration which becomes 'unclaimed money' (as defined in section 7 of the *Unclaimed Money Act 1995* (NSW)).

5.5 Orders of a court or Government Agency

- (a) If written notice is given to Mad Paws (or the Mad Paws Registry) or Rover (or Herbert Smith Freehills) of an order or direction made by a court of competent jurisdiction or by another Government Agency that:
 - (1) requires consideration to be provided to a third party (either through payment of a sum or the issuance of a security) in respect of Scheme Shares held by a particular Scheme Shareholder, which would otherwise be payable or required to be issued to that Scheme Shareholder by Mad Paws in accordance with this clause 5, then Mad Paws shall be entitled to procure that provision of that consideration is made in accordance with that order or direction; or
 - (2) prevents Mad Paws from providing consideration to any particular Scheme Shareholder in accordance with this clause 5, or the payment or issuance of such consideration is otherwise prohibited by applicable law, Mad Paws shall be entitled to (as applicable) retain an amount, in Australian dollars, in relation to Scheme Consideration, equal to the number of Scheme Shares held by that Scheme Shareholder multiplied by the Scheme Consideration until such time as provision of the Scheme Consideration in accordance with this clause 5 is permitted by that (or another) order or direction or otherwise by law.
- (b) The provision or the retention of the relevant Scheme Consideration by Mad Paws (or the Mad Paws Registry on Mad Paws' behalf) in accordance with clause 5.5(a)(1) or clause 5.5(a)(2) (as applicable) will constitute the full discharge of Mad Paws' obligations under this clause 5.5.

6 Dealings in Mad Paws Shares

6.1 Determination of Scheme Shareholders

To establish the identity of the Scheme Shareholders, dealings in Mad Paws Shares or other alterations to the Share Register will only be recognised if:

- (a) in the case of dealings of the type to be effected using CHESS, the transferee is registered in the Share Register as the holder of the relevant Mad Paws Shares before the Scheme Record Date; and
- (b) in all other cases, registrable transfer or transmission applications in respect of those dealings, or valid requests in respect of other alterations, are received before the Scheme Record Date at the place where the Share Register is kept,

and Mad Paws must not accept for registration, nor recognise for any purpose (except a transfer to Rover pursuant to this Scheme and any subsequent transfer by Rover or its successors in title), any transfer or transmission application or other request received after such times, or received prior to such times but not in registrable or actionable form, as appropriate.

6.2 Register

- (a) Mad Paws must register, or cause to be registered, registrable transmission applications or transfers of the Scheme Shares that are received in accordance with clause 6.1(b) before the Scheme Record Date provided that, for the

avoidance of doubt, nothing in this clause 6.2(a) requires Mad Paws to register a transfer that would result in a Mad Paws Shareholder holding a parcel of Mad Paws Shares that is less than a 'marketable parcel' (for the purposes of this clause 6.2(a) 'marketable parcel' has the meaning given in the Operating Rules).

- (b) If this Scheme becomes Effective, a holder of Scheme Shares (and any person claiming through that holder) must not dispose of, or purport or agree to dispose of, any Scheme Shares or any interest in them on or after the Scheme Record Date otherwise than pursuant to this Scheme, and any attempt to do so will have no effect and Mad Paws shall be entitled to disregard any such disposal, purported disposal or agreement.
- (c) For the purpose of determining entitlements to the Scheme Consideration, Mad Paws must maintain, or cause to be maintained, the Share Register in accordance with the provisions of this clause 6.2 until the Scheme Consideration has been paid to the Scheme Shareholders. The Share Register in this form will solely determine entitlements to the Scheme Consideration.
- (d) All statements of holding for Mad Paws Shares (other than statements of holding in favour of Rover) will cease to have effect after the Scheme Record Date as documents of title in respect of those shares and, as from that date, each entry current at that date on the Share Register (other than entries on the Share Register in respect of Rover) will cease to have effect except as evidence of entitlement to the Scheme Consideration in respect of the Mad Paws Shares relating to that entry.
- (e) As soon as possible on or after the Scheme Record Date, and in any event by 5.00pm on the first Business Day after the Scheme Record Date, Mad Paws will ensure that details of the names, Registered Addresses and holdings of Mad Paws Shares for each Scheme Shareholder as shown in the Share Register are available to Rover in the form Rover reasonably requires.

7 Quotation of Mad Paws Shares

- (a) Mad Paws must apply to ASX to suspend trading on the ASX in Mad Paws Shares with effect from the close of trading on the Effective Date.
- (b) On a date after the Implementation Date to be determined by Rover, Mad Paws must apply:
 - (1) for termination of the official quotation of Mad Paws Shares on the ASX; and
 - (2) to have itself removed from the official list of the ASX.

8 General Scheme provisions

8.1 Consent to amendments to this Scheme

If the Court proposes to approve this Scheme subject to any alterations or conditions:

 - (5) acknowledges and agrees that this Scheme binds Mad Paws and all Scheme Shareholders (including those who do not attend the Scheme Meeting and those who do not vote, or vote against this Scheme, at the Scheme Meeting).
- (b) Each Scheme Shareholder is taken to have warranted to Mad Paws and Rover on the Implementation Date, and appointed and authorised Mad Paws as its attorney and agent to warrant to Rover on the Implementation Date, that:
- (1) all their Mad Paws Shares (including any rights and entitlements attaching to those shares) which are transferred under this Scheme will, at the date of transfer, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, whether legal or otherwise, and restrictions on transfer of any kind, and that they have full power and capacity to transfer their Mad Paws Shares to Rover together with any rights and entitlements attaching to those shares; and
 - (2) they have no existing right to be issued any Mad Paws Shares, Mad Paws Equity Incentives or other Mad Paws securities.
- (c) Mad Paws undertakes that it will provide the warranties in clause 8.2(b), to the extent enforceable, to Rover as agent and attorney of each Scheme Shareholder.

8.3 Title to and rights in Scheme Shares

- (a) To the extent permitted by law, the Scheme Shares (including all rights and entitlements attaching to the Scheme Shares) transferred under this Scheme to Rover will, at the time of transfer of them to Rover vest in Rover free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, whether legal or otherwise and free from any restrictions on transfer of any kind.

- (b) Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clause 5.1(c) and 5.1(d), Rover will be beneficially entitled to the Scheme Shares to be transferred to it under this Scheme pending registration by Mad Paws of Rover in the Share Register as the holder of the Scheme Shares.

8.4 Appointment of sole proxy

Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clauses 5.1(c) and 5.1(d), and until Mad Paws registers Rover as the holder of all Scheme Shares in the Share Register, each Scheme Shareholder:

- (a) is deemed to have appointed Rover as attorney and agent (and directed Rover in each such capacity) to appoint any director, officer, secretary or agent nominated by Rover as its sole proxy and, where applicable or appropriate, corporate representative to attend shareholders' meetings, exercise the votes attaching to the Scheme Shares registered in their name and sign any shareholders' resolution or document;
- (b) must not attend or vote at any of those meetings or sign any resolutions, whether in person, by proxy or by corporate representative (other than pursuant to clause 8.4(a));
- (c) must take all other actions in the capacity of a registered holder of Scheme Shares as Rover reasonably directs; and
- (d) acknowledges and agrees that in exercising the powers referred to in clause 8.4(a), Rover and any director, officer, secretary or agent nominated by Rover under clause 8.4(a) may act in the best interests of Rover as the intended registered holder of the Scheme Shares.

8.5 Authority given to Mad Paws

Each Scheme Shareholder, without the need for any further act:

- (a) on the Effective Date, irrevocably appoints Mad Paws and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of enforcing the Deed Poll against Rover, and Mad Paws undertakes in favour of each Scheme Shareholder that it will enforce the Deed Poll against Rover on behalf of and as agent and attorney for each Scheme Shareholder; and
- (b) on the Implementation Date, irrevocably appoints Mad Paws and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of executing any document or doing or taking any other act necessary, desirable or expedient to give effect to this Scheme and the transactions contemplated by it, including (without limitation) executing the Scheme Transfer,

and Mad Paws accepts each such appointment. Mad Paws as attorney and agent of each Scheme Shareholder, may sub-delegate its functions, authorities or powers under this clause 8.5 to all or any of its directors, officers, secretaries or employees (jointly, severally or jointly and severally).

8.6 Binding effect of Scheme

This Scheme binds Mad Paws and all of the Scheme Shareholders (including those who did not attend the Scheme Meeting to vote on this Scheme, did not vote at the Scheme

Meeting, or voted against this Scheme at the Scheme Meeting) and, to the extent of any inconsistency, overrides the constitution of Mad Paws.

9 General

9.1 Stamp duty

Rover:

- (a) will pay all Duty (if any) in respect of the transfer of the Scheme Shares from the Scheme Shareholders to Rover pursuant to this Scheme and the Deed Poll;
and
- (b) indemnifies each Scheme Shareholder against any Duty payable by Rover arising under clause 9.1(a),

but for the avoidance of doubt, Rover is not liable for any Duty payable in connection with any E-Commerce Transaction (including but not limited to any transfer of any right, property, asset or liability in connection with any E-Commerce Transaction) or as otherwise contemplated by the E-Commerce Separation Plan.

9.2 Consent

9.3 Notices

- (a) If a notice, transfer, transmission application, direction or other communication referred to in this Scheme is sent by post to Mad Paws, it will not be taken to be received in the ordinary course of post or on a date and time other than the date and time (if any) on which it is actually received at Mad Paws' registered office or at the office of the Mad Paws Registry.
- (b) The accidental omission to give notice of the Scheme Meeting or the non-receipt of such notice by a Mad Paws Shareholder will not, unless so ordered by the Court, invalidate the Scheme Meeting or the proceedings of the Scheme Meeting.

9.4 Governing law

- (a) This Scheme is governed by the laws in force in New South Wales, Australia.
- (b) The parties irrevocably submit to the exclusive jurisdiction of courts exercising jurisdiction in New South Wales and courts of appeal from them in respect of any proceedings arising out of or in connection with this Scheme. The parties irrevocably waive any objection to the venue of any legal process in these courts on the basis that the process has been brought in an inconvenient forum.

9.5 Further action

Mad Paws must do all things and execute all documents (whether on its own behalf or on behalf of each Scheme Shareholder) required by law or necessary to give full effect to this Scheme and the transactions contemplated by it.

9.6 No liability when acting in good faith

- (b) If Rover is required by any Tax Law in any jurisdiction (including without limitation any withholding tax obligation under Subdivision 14-D of Schedule 1 of the *Taxation Administration Act 1953* (Cth)) to withhold and pay any amount to any Tax Authority in respect of the acquisition of any Scheme Shares (the **Withholding Amount**), Rover is permitted to deduct the Withholding Amount from the Scheme Consideration otherwise payable to those relevant Scheme Shareholders holding such Scheme Shares and remit such amounts to the Tax Authority within the time required under the relevant Tax Law. The aggregate sum payable shall not be increased to reflect the deduction of the Withholding Amount and the net amount payable to those Scheme Shareholders to whom the Withholding Amount relates shall be taken to be in full and final satisfaction of the amounts owing to those Scheme Shareholders. Rover must pay any Withholding Amount in the time required by the relevant Tax Law and, if requested in writing by the relevant Scheme Shareholder, provide a receipt or other appropriate evidence of such payment (or procure the provision of such receipt of other evidence) to the relevant Scheme Shareholder.
- (c) Subject to clause 5.1(e), on the Implementation Date, subject to funds having been deposited in accordance with clause 5.1(a), Mad Paws must pay or procure the payment of the Scheme Consideration to each Scheme Shareholder from the Trust Account.
- (d) The obligations of Mad Paws under clause 5.1(c) will be satisfied by Mad Paws (in its absolute discretion, and despite any election referred to in clause 5.1(d)(1) or authority referred to in clause 5.1(d)(2) made or given by the Scheme Shareholder):
 - (1) if a Scheme Shareholder has, before the Scheme Record Date, made a valid election in accordance with the requirements of the Mad Paws Registry to receive dividend payments from Mad Paws by electronic funds transfer to a bank account nominated by the Scheme Shareholder, paying, or procuring the payment of, the relevant amount in Australian currency by electronic means in accordance with that election;
 - (2) paying, or procuring the payment of, the relevant amount in Australian currency by electronic means to a bank account nominated by the Scheme Shareholder by an appropriate authority from the Scheme Shareholder to Mad Paws; or
 - (3) dispatching, or procuring the dispatch of, a cheque for the relevant amount in Australian currency to the Scheme Shareholder by prepaid post to their Registered Address (as at the Scheme Record Date), such cheque being drawn in the name of the Scheme Shareholder (or in the case of joint holders, in accordance with the procedures set out in clause 5.2).
- (e) The Scheme Consideration payable to each Scheme Shareholder with a Registered Address in New Zealand will be paid to a bank account nominated

by that Scheme Shareholder in the manner contemplated by clause 5.1(d)(1) or clause 5.1(d)(2) or other appropriate authority provided by the relevant Scheme Shareholder to Mad Paws. If a Scheme Shareholder with a Registered Address in New Zealand has not nominated a bank account for receipt of payments, Mad Paws may hold payment of the Scheme Consideration owed to that Scheme Shareholder until a valid bank account has been nominated by an appropriate authority from the Scheme Shareholder to Mad Paws.

- (f) To the extent that, following satisfaction of Mad Paws' obligations under clauses 5.1(c) and 5.1(e), there is a surplus in the amount held by Mad Paws as trustee for the Scheme Shareholders in the Trust Account referred to in that clause, that surplus may be paid by Mad Paws to Rover.

5.2 Joint holders

In the case of Scheme Shares held in joint names:

- (a) subject to clause 5.1(d), the Scheme Consideration is payable to the joint holders and any cheque required to be sent under this Scheme will be made payable to the joint holders and sent to either, at the sole discretion of Mad Paws, the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders (unless the joint holders have nominated a bank account under clause 5.1(d)(1) or 5.1(d)(2), in which case the amount must be deposited directly to the nominated bank account of the joint holders); and
- (b) any other document required to be sent under this Scheme, will be forwarded to either, at the sole discretion of Mad Paws, the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders.

5.3 Fractional entitlements and splitting

Where the calculation of the Scheme Consideration to be issued to a particular Scheme Shareholder would result in the Scheme Shareholder becoming entitled to a fraction of a cent, the fractional entitlement will be rounded down to the nearest whole cent.

5.4 Unclaimed monies

- (a) Mad Paws may cancel a cheque issued under this clause 5 if the cheque:
- (1) is returned to Mad Paws; or
 - (2) has not been presented for payment within six months after the date on which the cheque was sent.
- (b) During the period of 12 months commencing on the Implementation Date, on request in writing from a Scheme Shareholder to Mad Paws (or the Mad Paws Registry) (which request may not be made until the date which is 20 Business Days after the Implementation Date), Mad Paws must reissue a cheque that was previously cancelled under this clause 5.4.
- (c) The *Unclaimed Money Act 1995* (NSW) will apply in relation to any Scheme Consideration which becomes 'unclaimed money' (as defined in section 7 of the *Unclaimed Money Act 1995* (NSW)).

5.5 Orders of a court or Government Agency

- (a) If written notice is given to Mad Paws (or the Mad Paws Registry) or Rover (or Herbert Smith Freehills) of an order or direction made by a court of competent jurisdiction or by another Government Agency that:
 - (1) requires consideration to be provided to a third party (either through payment of a sum or the issuance of a security) in respect of Scheme Shares held by a particular Scheme Shareholder, which would otherwise be payable or required to be issued to that Scheme Shareholder by Mad Paws in accordance with this clause 5, then Mad Paws shall be entitled to procure that provision of that consideration is made in accordance with that order or direction; or
 - (2) prevents Mad Paws from providing consideration to any particular Scheme Shareholder in accordance with this clause 5, or the payment or issuance of such consideration is otherwise prohibited by applicable law, Mad Paws shall be entitled to (as applicable) retain an amount, in Australian dollars, in relation to Scheme Consideration, equal to the number of Scheme Shares held by that Scheme Shareholder multiplied by the Scheme Consideration until such time as provision of the Scheme Consideration in accordance with this clause 5 is permitted by that (or another) order or direction or otherwise by law.
- (b) The provision or the retention of the relevant Scheme Consideration by Mad Paws (or the Mad Paws Registry on Mad Paws' behalf) in accordance with clause 5.5(a)(1) or clause 5.5(a)(2) (as applicable) will constitute the full discharge of Mad Paws' obligations under this clause 5.5.

6 Dealings in Mad Paws Shares

6.1 Determination of Scheme Shareholders

To establish the identity of the Scheme Shareholders, dealings in Mad Paws Shares or other alterations to the Share Register will only be recognised if:

- (a) in the case of dealings of the type to be effected using CHESS, the transferee is registered in the Share Register as the holder of the relevant Mad Paws Shares before the Scheme Record Date; and
- (b) in all other cases, registrable transfer or transmission applications in respect of those dealings, or valid requests in respect of other alterations, are received before the Scheme Record Date at the place where the Share Register is kept,

and Mad Paws must not accept for registration, nor recognise for any purpose (except a transfer to Rover pursuant to this Scheme and any subsequent transfer by Rover or its successors in title), any transfer or transmission application or other request received after such times, or received prior to such times but not in registrable or actionable form, as appropriate.

6.2 Register

- (a) Mad Paws must register, or cause to be registered, registrable transmission applications or transfers of the Scheme Shares that are received in accordance with clause 6.1(b) before the Scheme Record Date provided that, for the

avoidance of doubt, nothing in this clause 6.2(a) requires Mad Paws to register a transfer that would result in a Mad Paws Shareholder holding a parcel of Mad Paws Shares that is less than a 'marketable parcel' (for the purposes of this clause 6.2(a) 'marketable parcel' has the meaning given in the Operating Rules).

- (b) If this Scheme becomes Effective, a holder of Scheme Shares (and any person claiming through that holder) must not dispose of, or purport or agree to dispose of, any Scheme Shares or any interest in them on or after the Scheme Record Date otherwise than pursuant to this Scheme, and any attempt to do so will have no effect and Mad Paws shall be entitled to disregard any such disposal, purported disposal or agreement.
- (c) For the purpose of determining entitlements to the Scheme Consideration, Mad Paws must maintain, or cause to be maintained, the Share Register in accordance with the provisions of this clause 6.2 until the Scheme Consideration has been paid to the Scheme Shareholders. The Share Register in this form will solely determine entitlements to the Scheme Consideration.
- (d) All statements of holding for Mad Paws Shares (other than statements of holding in favour of Rover) will cease to have effect after the Scheme Record Date as documents of title in respect of those shares and, as from that date, each entry current at that date on the Share Register (other than entries on the Share Register in respect of Rover) will cease to have effect except as evidence of entitlement to the Scheme Consideration in respect of the Mad Paws Shares relating to that entry.
- (e) As soon as possible on or after the Scheme Record Date, and in any event by 5.00pm on the first Business Day after the Scheme Record Date, Mad Paws will ensure that details of the names, Registered Addresses and holdings of Mad Paws Shares for each Scheme Shareholder as shown in the Share Register are available to Rover in the form Rover reasonably requires.

7 Quotation of Mad Paws Shares

- (a) Mad Paws must apply to ASX to suspend trading on the ASX in Mad Paws Shares with effect from the close of trading on the Effective Date.
- (b) On a date after the Implementation Date to be determined by Rover, Mad Paws must apply:
 - (1) for termination of the official quotation of Mad Paws Shares on the ASX; and
 - (2) to have itself removed from the official list of the ASX.

 - (5) acknowledges and agrees that this Scheme binds Mad Paws and all Scheme Shareholders (including those who do not attend the Scheme Meeting and those who do not vote, or vote against this Scheme, at the Scheme Meeting).
- (b) Each Scheme Shareholder is taken to have warranted to Mad Paws and Rover on the Implementation Date, and appointed and authorised Mad Paws as its attorney and agent to warrant to Rover on the Implementation Date, that:
- (1) all their Mad Paws Shares (including any rights and entitlements attaching to those shares) which are transferred under this Scheme will, at the date of transfer, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, whether legal or otherwise, and restrictions on transfer of any kind, and that they have full power and capacity to transfer their Mad Paws Shares to Rover together with any rights and entitlements attaching to those shares; and
 - (2) they have no existing right to be issued any Mad Paws Shares, Mad Paws Equity Incentives or other Mad Paws securities.

- (b) Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clause 5.1(c) and 5.1(d), Rover will be beneficially entitled to the Scheme Shares to be transferred to it under this Scheme pending registration by Mad Paws of Rover in the Share Register as the holder of the Scheme Shares.

8.4 Appointment of sole proxy

Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clauses 5.1(c) and 5.1(d), and until Mad Paws registers Rover as the holder of all Scheme Shares in the Share Register, each Scheme Shareholder:

- (a) is deemed to have appointed Rover as attorney and agent (and directed Rover in each such capacity) to appoint any director, officer, secretary or agent nominated by Rover as its sole proxy and, where applicable or appropriate, corporate representative to attend shareholders' meetings, exercise the votes attaching to the Scheme Shares registered in their name and sign any shareholders' resolution or document;
- (b) must not attend or vote at any of those meetings or sign any resolutions, whether in person, by proxy or by corporate representative (other than pursuant to clause 8.4(a));
- (c) must take all other actions in the capacity of a registered holder of Scheme Shares as Rover reasonably directs; and
- (d) acknowledges and agrees that in exercising the powers referred to in clause 8.4(a), Rover and any director, officer, secretary or agent nominated by Rover under clause 8.4(a) may act in the best interests of Rover as the intended registered holder of the Scheme Shares.

8.5 Authority given to Mad Paws

Each Scheme Shareholder, without the need for any further act:

- (a) on the Effective Date, irrevocably appoints Mad Paws and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of enforcing the Deed Poll against Rover, and Mad Paws undertakes in favour of each Scheme Shareholder that it will enforce the Deed Poll against Rover on behalf of and as agent and attorney for each Scheme Shareholder; and
- (b) on the Implementation Date, irrevocably appoints Mad Paws and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of executing any document or doing or taking any other act necessary, desirable or expedient to give effect to this Scheme and the transactions contemplated by it, including (without limitation) executing the Scheme Transfer,

and Mad Paws accepts each such appointment. Mad Paws as attorney and agent of each Scheme Shareholder, may sub-delegate its functions, authorities or powers under this clause 8.5 to all or any of its directors, officers, secretaries or employees (jointly, severally or jointly and severally).

8.6 Binding effect of Scheme

This Scheme binds Mad Paws and all of the Scheme Shareholders (including those who did not attend the Scheme Meeting to vote on this Scheme, did not vote at the Scheme

Meeting, or voted against this Scheme at the Scheme Meeting) and, to the extent of any inconsistency, overrides the constitution of Mad Paws.

- (a) will pay all Duty (if any) in respect of the transfer of the Scheme Shares from the Scheme Shareholders to Rover pursuant to this Scheme and the Deed Poll;
and
- (b) indemnifies each Scheme Shareholder against any Duty payable by Rover arising under clause 9.1(a),

- (b) The accidental omission to give notice of the Scheme Meeting or the non-receipt of such notice by a Mad Paws Shareholder will not, unless so ordered by the Court, invalidate the Scheme Meeting or the proceedings of the Scheme Meeting.

9.4 Governing law

- (a) This Scheme is governed by the laws in force in New South Wales, Australia.
- (b) The parties irrevocably submit to the exclusive jurisdiction of courts exercising jurisdiction in New South Wales and courts of appeal from them in respect of any proceedings arising out of or in connection with this Scheme. 9.6 No liability when acting in good faith

4. Court approval

In accordance with section 411(4)(b) of the Corporations Act, the Scheme (with or without amendment or any alteration or condition required by the Court) must be approved by an order of the Court and an office copy of the orders of the Court approving the Scheme must be lodged with ASIC. If the Scheme Resolution put to the Scheme Meeting is passed by the Requisite Majorities and the other conditions to the Scheme (other than approval by the Court) are satisfied or waived (where applicable) in accordance with the Scheme Implementation Deed, Mad Paws intends to apply to the Court on Monday, 3 November 2025 for the necessary orders to give effect to the Scheme.

5. Eligibility to vote

In accordance with regulation 7.11.37 of the *Corporations Regulations 2001* (Cth), the Mad Paws Board has determined that the time for determining the eligibility to vote at the Scheme Meeting is 7:00pm (Sydney time) on Wednesday, 22 October 2025. Only those Mad Paws Shareholders entered on the Mad Paws Share Register at that time will be entitled to participate in and vote at the Scheme Meeting, in person, online, by proxy or attorney, or in the case of a corporate Mad Paws Shareholder, by a body corporate representative. Share transfers registered after that time will be disregarded in determining voting entitlements at the Scheme Meeting. The remaining comments in these explanatory notes are addressed to Mad Paws Shareholders entitled to participate in and vote at the Scheme Meeting.

6. Participation in the Scheme Meeting

7. How to vote

The Chair of the Scheme Meeting intends to put the Scheme Resolution set out in the agenda to a poll at the Scheme Meeting. Voting results will be announced on the ASX as soon as practicable after the Scheme

Meeting. The Chair considers voting by poll to be in the interests of the shareholders as a whole and is a way to ensure the views of as many shareholders as possible are represented at the Scheme Meeting.

If you are a Mad Paws Shareholder entitled to vote at the Scheme Meeting, you may vote:

- **by attending the Scheme Meeting in person**, at the offices of Automic, Level 5, 126 Phillip Street, Sydney NSW 2000;
- **by attending the Scheme Meeting via the online platform**, by participating and voting via the online platform during the Scheme Meeting at https://us02web.zoom.us/webinar/register/WN_u8CJzJx7SlYrt44amgMLQQ;
- **by proxy**, by completing and submitting the Proxy Form in accordance with the instructions on that form. To be valid, your proxy appointment must be received by the Mad Paws Registry by 10:30am (Sydney time) on Wednesday, 22 October 2025;
- **by attorney**, by appointing an attorney to participate in and vote at the Scheme Meeting on your behalf and providing a duly executed power of attorney to the Mad Paws Registry by 10:30am (Sydney time) on Wednesday, 22 October 2025; or
- **by corporate representative**, in the case of a body corporate, appointing a body corporate representative to participate in and vote at the Scheme Meeting on your behalf, and providing a duly executed "Appointment of Corporate Representative" form (in accordance with section 250D of the Corporations Act) prior to the Scheme Meeting in accordance with section 9.5 below).

Further information on how to vote using each of these methods is contained in section 9 of this Notice of Scheme Meeting below.

8. Jointly held securities

If you hold Mad Paws Shares jointly with one or more other persons, only one of you may vote. If more than one of you attempts to vote on the Scheme Meeting, only the vote of the holder whose name appears first on the Mad Paws Share Register will be counted.

See also the comments in section 9.3 below regarding the appointment of a proxy by persons who jointly hold Mad Paws Shares.

9. Voting

9.1 Voting in person during the Scheme Meeting

Mad Paws Shareholders and their authorised proxies, attorneys and corporate representatives who are attending the Scheme Meeting in person may vote at the Scheme Meeting by either:

- bringing their own mobile device and using this device to log in to the Online Scheme Meeting Platform on their mobile device; or
- using the paper voting card, which will be made available to Mad Paws Shareholders and authorised proxies, attorneys or corporate representatives of Mad Paws Shareholders at the Scheme Meeting.

9.2 Voting online during the Scheme Meeting

To vote online, you must participate in the Scheme Meeting via the online platform at https://us02web.zoom.us/webinar/register/WN_u8CJzJx7SlYrt44amgMLQQ.

Online voting will be open between the start of the Scheme Meeting and the closing of voting as announced by the Chair during the Scheme Meeting.

If you intend to use the online platform, then before the Scheme Meeting we recommend that you ensure the online platform works on your device.

9.3 Voting by proxy

If you are unable to participate and vote at the Scheme Meeting, you may appoint an individual or a body corporate as a proxy to attend the Scheme Meeting in person or online and vote.

A Mad Paws Shareholder entitled to participate in and vote at the Scheme Meeting may appoint a person to participate in and vote at the Scheme Meeting as their proxy at any time between the date of this notice and 10:30am (Sydney time) on Wednesday, 22 October 2025. To do so, they should either mark the box under 'Appoint a Proxy' in Step 1 of the Proxy Form to appoint the Chair of the Scheme Meeting as their proxy, or insert the name and email address of their chosen proxy in the space provided. Please refer to section 9.6 of this Notice of Scheme Meeting below for further details in relation to how to submit a Proxy Form.

The following applies to proxy appointments:

- a proxy need not be another Mad Paws Shareholder, and may be an individual or a body corporate;
- if a body corporate is appointed as a proxy, it must ensure that it appoints an individual as its corporate representative (in accordance with section 250D of the Corporations Act) to exercise its powers as proxy at the Scheme Meeting in accordance with section 9.6 below;
- a Mad Paws Shareholder who is entitled to cast two or more votes at the Scheme Meeting may appoint up to two proxies and may specify the proportion or number of votes each proxy may exercise. If you wish to appoint a second proxy, a second hard copy Proxy Form should be used and you should clearly indicate on the second Proxy Form that it is a second proxy and not a revocation of your first proxy. Both Proxy Forms should be returned together in the same envelope. If you wish to appoint two proxies using hard copy Proxy Forms, you will need to obtain a second Proxy Form. You may obtain an additional Proxy Form from the Mad Paws Registry. Where two proxies are appointed, each proxy should be appointed to represent a specified proportion of the Mad Paws Shareholder's voting rights. If a Mad Paws Shareholder appoints two proxies and the appointment does not specify the proportion or number of the Mad Paws Shareholder's votes, each proxy may only exercise half of that Mad Paws Shareholder's votes;
- if you hold Mad Paws Shares jointly with one or more other persons, in order for your proxy appointment to be valid, each of the joint holders must sign the Proxy Form; and
- each Proxy Form will have the right to vote on the poll and also ask questions at the Scheme Meeting.

If you have appointed a proxy and participate in and vote at the Scheme Meeting, the authority of your proxy to participate and vote, on your behalf, is automatically revoked. However, if you view the live webcast of the Scheme Meeting as a 'visitor' or attend the Scheme Meeting in person as a 'visitor', you will not revoke your appointment.

A vote given in accordance with the terms of a proxy appointment is valid despite the revocation of that appointment, unless notice in writing of the revocation has been received by the Mad Paws Registry before the start of the Scheme Meeting (or, if the Scheme Meeting is adjourned or postponed, before the resumption of the Scheme Meeting in relation to the resumed part of the Scheme Meeting) in any of the ways in section 9.6 below.

You should consider how you wish your proxy to vote. That is, whether you want your proxy to vote 'for' or 'against', or abstain from voting on, the Scheme Resolution, or whether to leave the decision to the proxy after they have considered the matters discussed at the Scheme Meeting.

If you do not direct your proxy how to vote on the Scheme Resolution, the proxy may vote, or abstain from voting, as they think fit. If you instruct your proxy to abstain from voting on an item of business, they are directed not to vote on your behalf, and the shares the subject of the proxy appointment will not be counted in computing the Requisite Majorities.

If you return your Proxy Form:

- without identifying a proxy on it, you will be taken to have appointed the Chair of the Scheme Meeting as your proxy to vote on your behalf; or
- with a proxy identified on it but your proxy does not participate in the Scheme Meeting, the Chair of the Scheme Meeting will act in place of your nominated proxy and vote in accordance with any directions on your Proxy Form.

The Chair of the Scheme Meeting intends to vote all available undirected proxies in favour of the Scheme Resolution, in the absence of a Superior Proposal and subject to the Independent Expert concluding in the Independent Expert's Report (and continuing to conclude) that the Scheme is in the best interest of Mad Paws Shareholders.

9.4 Voting by attorney

You may appoint an attorney to participate in and vote at the Scheme Meeting on your behalf. Your attorney need not be another Mad Paws Shareholder. Each attorney will have the right to vote on the poll and also to ask questions at the Scheme Meeting.

The power of attorney appointing your attorney to participate in and vote at the Scheme Meeting must be duly executed by you and specify your name, the company (that is, Mad Paws Holdings Limited), and the attorney, and also specify that the appointment may be used at the Scheme Meeting. The appointment may be a standing one.

The power of attorney, or a certified copy of the power of attorney, should be received by the Mad Paws Registry before 10:30am (Sydney time) on Wednesday, 22 October 2025 (or, if the Scheme Meeting is adjourned or postponed, no later than 48 hours before the resumption of the Scheme Meeting in relation to the resumed part of the Scheme Meeting) in any of the ways specified for Proxy Forms in section 9.6 below.

A validly appointed attorney wishing to participate in and vote at the Scheme Meeting via the online platform will require the appointing Mad Paws Shareholder's name and postcode and the SRN/HIN of the shareholding in order to access the online platform. A validly appointed attorney wishing to participate in and vote at the Scheme Meeting in person will need to register their attendance and identify themselves as an attorney on the day of the Scheme Meeting in person at the registration desk at Automic, Level 5, 126 Phillip Street, Sydney NSW 2000.

9.5 Voting by corporate representative

A body corporate that is a Mad Paws Shareholder, or that has been appointed as a proxy, must appoint an individual to act as its representative at the Scheme Meeting. The appointment must comply with the requirements of section 250D of the Corporations Act. The 'Appointment of Corporate Representative' form may be obtained from the Mad Paws Registry on the Shareholder Information Line on 1300 103 392 (within Australia) or +61 2 9068 1925 (outside Australia) Monday to Friday between 8:30am to 7:00pm (Sydney time). The form of appointment may set out restrictions on the representative's powers.

The form of appointment must be received by the Mad Paws Registry prior to the Scheme Meeting. Mad Paws Shareholders may submit the certificate in any of the ways specified for Proxy Forms in section 9.6 of this Notice of Scheme Meeting, except that a form of appointment of corporate representative cannot be lodged online or by mobile device.

If a form of appointment is completed by an individual or corporation under power of attorney or other authority, the power of attorney or other authority, or a certified copy of the power of attorney or other authority, must accompany the completed certificate unless the power of attorney or other authority has previously been received by the Mad Paws Registry.

A validly appointed corporate representative wishing to participate in and vote at the Scheme Meeting via the online platform will require the appointing Mad Paws Shareholder's name, the SRN/HIN of the shareholding, proxy code and postcode or country of residence (if outside Australia) in order to access the online platform. A validly appointed corporate representative wishing to participate in and vote at the Scheme Meeting in person must bring a "Certificate of Appointment of Corporate Representative". A form of the certificate may be obtained from the Mad Paws Registry on the on the Shareholder Information Line on 1300 103 392 (within Australia) or +61 2 9068 1925 (outside Australia) Monday to Friday between 8:30am to 7:00pm (Sydney time).

9.6 How to submit a Proxy Form

To appoint a proxy, you should complete and submit the Proxy Form in accordance with the instructions on that form.

To be effective, proxy appointments must be received by way of completed Proxy Forms by the Mad Paws Registry by 10:30am (Sydney time) on Wednesday, 22 October 2025 (or, if the Scheme Meeting is adjourned or postponed, no later than 48 hours before the resumption of the Scheme Meeting in relation to the resumed part of the Scheme Meeting) in any of the following ways:

- **online: at <https://portal.automic.com.au/investor/home> (as detailed in the Proxy Form)**
- **by mailing the Proxy Form to the Mad Paws Registry at:**

Mad Paws Holdings Limited
c/- Automic
GPO Box 5193
Sydney NSW 2001
- **by fax to the Mad Paws Registry on +61 2 8583 3040; or**
- **by hand delivery to Level 5, 126 Phillip Street, Sydney NSW 2000.**

Proxy Forms received after 10:30am (Sydney time) on Wednesday, 22 October 2025 (or, if the Scheme Meeting is adjourned or postponed, no later than 48 hours before the resumption of the Scheme Meeting in relation to the resumed part of the Scheme Meeting) will be invalid.

If a Proxy Form is completed by an individual or corporation under power of attorney or other authority, the power of attorney or other authority, or a certified copy of the power of attorney or other authority, must accompany the completed Proxy Form unless the power of attorney or other authority has previously been received by the Mad Paws Registry.

10. Questions

Mad Paws Shareholders will have a reasonable opportunity to ask questions during the Scheme Meeting.

Mad Paws Shareholders who prefer to register questions in advance of the Scheme Meeting are also invited to do so by submitting questions via email to investors@madpaws.com.au.

Mad Paws Shareholders are requested to restrict themselves to two questions or comments initially, and further questions will be considered if time permits. Questions and comments may be moderated to avoid repetition and to make them more concise.

The Chair of the Scheme Meeting will endeavour to address as many of the more frequently raised relevant questions as possible during the course of the Scheme Meeting. However, there may not be sufficient time available during the Scheme Meeting to address all of the questions raised. Please note that individual responses will not be sent to Mad Paws Shareholders.

11. Technical difficulties

Technical difficulties may arise during the course of the Scheme Meeting. The Chair has discretion as to whether and how the Scheme Meeting should proceed in the event that a technical difficulty arises. In exercising this discretion, the Chair will have regard to the number of Mad Paws Shareholders impacted and the extent to which participation in the business of the Scheme Meeting is affected. Where the Chair considers it appropriate, the Chair may continue to hold the Scheme Meeting and transact business, including conducting a poll and voting in accordance with valid proxy instructions. For this reason, Mad Paws Shareholders are encouraged to lodge a directed proxy in advance of the Scheme Meeting even if they plan to attend the Scheme Meeting online by 10:30am (Sydney time) on Wednesday, 22 October 2025.
